Subject: Steering and Rules Committee 6/26

Ms. Elmer,

I am in support of the Shared Revenue and Sales Tax matter addressed today at Steering and Rules.

I could not attend the hearing but I would like my email in support to be a part of the record.

The legislation is far from perfect and personally objectionable on many fronts but as a long time city resident, I do not see any further movement from Madison on this issue. I believe it is time to move forward so that Milwaukee does not go backwards financially.
