Honorable Cavalier Johnson, Mayor
The Members of the Common Council
Of the City of Milwaukee
Milwaukee, WI 53202

Dear Mayor and Council Members:

The Single Audit Report for the City of Milwaukee, Wisconsin (the City) for the year ended December 31, 2022 is submitted in accordance with the requirements of the Uniform Grant Guidance as contained in Title 2 U.S. Code of Federal Regulations Part 200; and the State Single Audit Guidelines. The Single Audit provides for an organization-wide audit of Federal and State grant programs rather than a grant-by-grant audit. The audit was conducted by Baker Tilly US, LLP, an independent firm of certified public accountants. This report will be submitted to the Federal Audit Clearinghouse and the Department of Administration of the State of Wisconsin.

This report was prepared by the Office of the Comptroller. Management of the City is responsible for establishing and maintaining an internal control structure designed to reasonably ensure both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures. The Schedule of Expenditures of Federal, State and Other Awards is supplementary data to the Annual Comprehensive Financial Report of the City for the year ended December 31, 2022. We believe the grant financial activity presented is accurate in all material aspects and fairly represents the results of operation of the City's grants. All disclosures necessary to enable the reader to understand the City's grant financial activity have also been included.

RECIPIENT ORGANIZATION

Grant programs reflected in the City's Single Audit Supplemental Financial Report are operated by City departments under the fiscal administration of the City Comptroller. These grant programs have been approved by the Common Council in accordance with City of Milwaukee Code of Ordinances 304-81. This ordinance provides procedural guidelines for budgeting and accounting of grant programs.

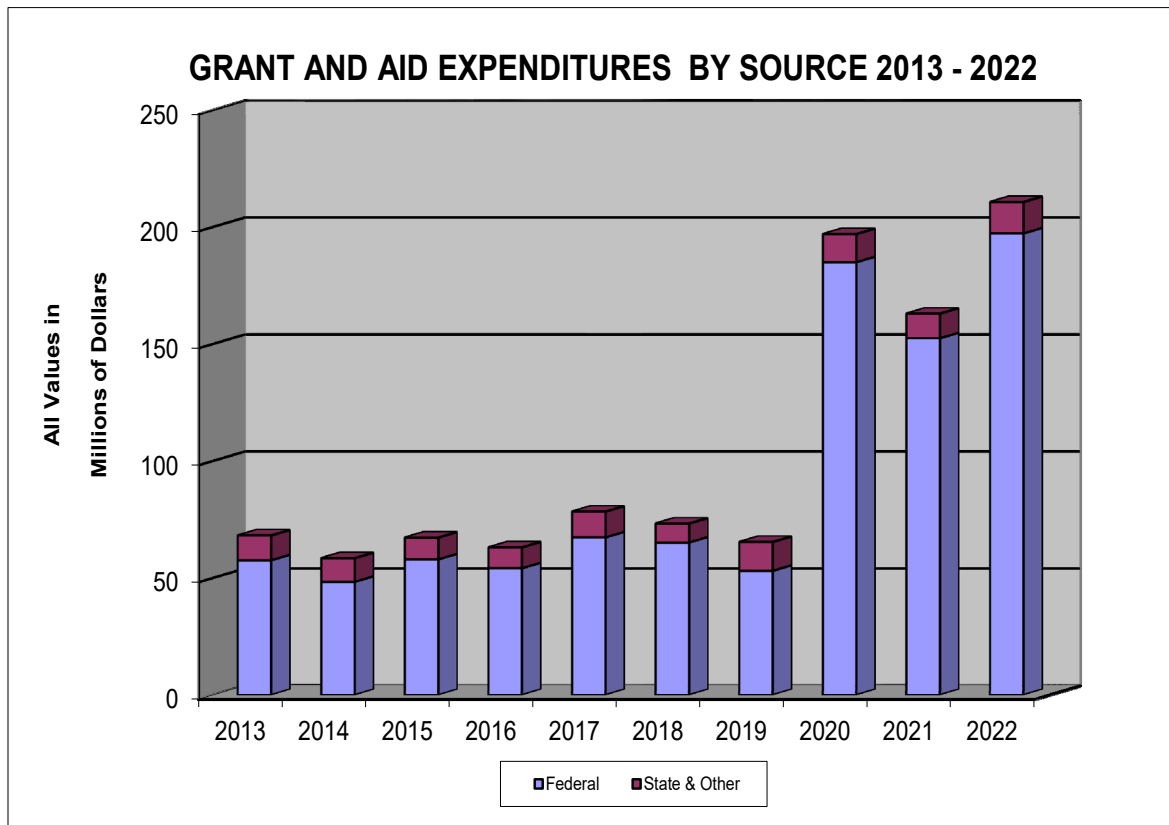

Grants made directly to the Redevelopment Authority of the City and the Neighborhood Improvement Development Corporation are not included in this report. The Redevelopment Authority and any other applicable component units which receive grant funds and meet the requirements of the Uniform Grant Guidance publish separate financial and single audit reports.

INDEPENDENT AUDIT

The independent auditors' reports required by the Uniform Grant Guidance have been included in this report. The content of the independent auditors' reports is consistent with the requirements in the Uniform Grant Guidance.

2022 GRANT ACTIVITIES

The City of Milwaukee expended \$210.7 million of grant and aid dollars in 2022; an increase of approximately \$47.7 million or 29.2% compared to the previous year. Overall, Federal assistance increased by \$44.8 million or 29.4%; attributable to a substantial increase of \$73.4 million in Treasury Department COVID-19 State and Local Fiscal Recovery Relief Fund (SLFRF); \$4.4 million increase in Justice Department grants; offset by a significant drop of \$23.5 million in Environmental Protection Agency grants, \$4.3 million decrease in Health and Human Services grants and \$5.2 million net decrease in all other Federal grant sources. In aggregate, State assistance decreased by \$2.6 million or 37.5% from the previous year primarily due to reduction in activities of Wisconsin Department of Transportation grants while "Other" assistance experienced a net increase of \$5.5 million or 157.7% resulting from increase in Milwaukee Metropolitan Sewerage District programs and other COVID-19 related assistance.

The chart above presents the City's grant and aid expenditures by source over the past 10 years. The chart reflects moderate levels of grants activities from 2013 through 2019, a dramatic increase in 2020, a considerable reduction in 2021 and a rebound in 2022. Increase in grant activities is anticipated in the subsequent year as the SLFRF program continues.

GRANT EXPENDITURES

2013-2022

<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>
\$68.2	\$58.5	\$67.3	\$63.1	\$74.4	\$73.3	\$65.4	\$197.0	\$163.0	\$210.7

The graph above indicates the areas in which the City expended 2022 grant funds. The largest category is that of Public Safety which received a substantial amount of SLFRF; followed by Public Works, which received Safe Drinking Water and Port Export facility funding. Expenditures in these categories primarily related to mitigation efforts and improvement of the City's infrastructure.

ACKNOWLEDGEMENT

The timely preparation of this report could not have been achieved without the professionalism and dedication demonstrated by each member of the Revenue and Cost Division of the Comptroller's Office, the cooperation and involvement of the accounting and grants program staff of the City departments and the able assistance of our independent auditors, Baker Tilly US, LLP. I extend my appreciation to you and members of your respective staff for your support and commitment in planning and conducting the fiscal affairs of the City.

Sincerely,

Aycha Sawa
Comptroller

**Report on Internal Control
Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of
Financial Statements Performed in Accordance
With *Government Auditing Standards***

Independent Auditors' Report

To the Honorable Members of
Common Council of the City of Milwaukee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Milwaukee (the City), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated July 21, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Baker Tilly US, LLP

Milwaukee, Wisconsin

**Report on Compliance
for Each Major Federal and Major State Program;
Report on Internal Control Over Compliance; and
Report on the Schedule of Expenditures of
Federal and State Awards Required by the Uniform Guidance and the *State Single
Audit Guidelines***

Independent Auditors' Report

To the Honorable Members of
Common Council of the City of Milwaukee

Report on Compliance for Each Major Federal and Major State Program

Opinion on Each Major Federal and Major State Program

We have audited the City of Milwaukee's (the City) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* and the *State Single Audit Guidelines* (the *Guidelines*) that could have a direct and material effect on each of the City's major federal and major state programs for the year ended December 31, 2022. The City's major federal and major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and major state programs for the year ended December 31, 2022.

Basis for Opinion on Each Major Federal and Major State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the *Guidelines*. Our responsibilities under those standards, the Uniform Guidance, and the *Guidelines* are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and major state program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Other Matter – Federal Expenditures Not Included in the Compliance Audit

The City's basic financial statements include the operations of the Redevelopment Authority of the City of Milwaukee and the Neighborhood Improvement Development Corporation, which are not included in the City's schedule of expenditures of federal awards during the year ended December 31, 2022. Our compliance audit, described in the "Opinion on Each Major Federal and Major State Program" section above, does not include the operations of the Redevelopment Authority of the City of Milwaukee and the Neighborhood Improvement Development Corporation because the component units have separate audits performed in accordance with the Uniform Guidance and the *Guidelines*.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City's federal and state programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the *Guidelines* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal and major state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and the *Guidelines*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with the Uniform Guidance and the *Guidelines* and which is described in the accompanying schedule of findings and questioned costs as item 2022-001. Our opinion on each major federal and major state program is not modified with respect to this matter.

Government Auditing Standards requires the auditor to perform limited procedures on the City's response to the noncompliance finding identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify a deficiency in internal control over compliance that we consider to be a significant deficiency.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-001, to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures the City's response to the internal control over compliance finding identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The City is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The City's corrective action plan was not subjected to the auditing procedures applied in the audit of the compliance and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *Guidelines*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal, State, and Other Awards and the DHS Cost Reimbursement Award Schedule Required by the Uniform Guidance and the Guidelines

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated July 21, 2023, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal, state, and other awards and the DHS Cost Reimbursement Award Schedule are presented for purposes of additional analysis as required by the Uniform Guidance and the *Guidelines* and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal, state, and other awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

The transmittal letter has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

CITY OF MILWAUKEE

Notes to Schedule of Expenditures of Federal, State, and Other Awards

Year ended December 31, 2022

(1) Reporting Entity

The funds and entities presented in the City of Milwaukee's Federal and State Single Audit Report are controlled by or are dependent on the City of Milwaukee (the City). The basis for defining the reporting entity of the City of Milwaukee is discussed in the summary of significant accounting policies note in the City's Annual Comprehensive Financial Report, which can be found on the City's website at <http://city.milwaukee.gov/AnnualComprehensiveFinancialReport>. The Assistance Listing Number (ALN) or State Appropriation Number has been provided on the accompanying schedule of expenditures of federal, state, and other awards to the extent it is available.

Financial data for the Milwaukee Public School System, the Milwaukee Metropolitan Sewerage District, Milwaukee County government, Wisconsin Center District and the Milwaukee Area Technical College have not been included in this report. These governmental entities are not considered component units of the City, the primary government, because these entities do not meet the criteria established by Governmental Accounting Standards Board Statement (GASB) No. 14, *The Financial Reporting Entity* (as amended by GASB No. 39 and GASB No. 61).

Grants made directly to the City's component units, the Redevelopment Authority of the City of Milwaukee (RACM) and the Neighborhood Improvement Development Corporation (NIDC) are not included in this report. The Redevelopment Authority and the Neighborhood Improvement Development Corporation publish separate financial and single audit reports.

(2) Basis of Accounting

The City has a centralized accounting system for grant programs. The accounting records for grant programs are maintained on the modified accrual basis of accounting. Under this basis, revenues are recognized in the accounting period in which all eligibility requirements have been satisfied and the resources are available. Eligibility requirements include timing requirements which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements in which the City must provide local resources to be used for specified purpose, and expenditure requirements in which the resources are provided to the City on a reimbursement basis.

Budgetary control is maintained by a formal appropriation and encumbrance system. Encumbrances are made against appropriations prior to issuance of purchase requisitions. Purchase requisitions which exceed appropriation balances are not released until additional appropriations are made available. Expenditures are recorded when the services or materials are received.

Accounting and budgeting for grants is further controlled by Milwaukee Code of Ordinances Section 304-81. This ordinance provides that no grant programs can be put into operation (expenditures incurred) unless the program has been approved by the Common Council of the City of Milwaukee. It also provides other procedural guidelines for budgeting and accounting of grant programs.

CITY OF MILWAUKEE

Notes to Schedule of Expenditures of Federal, State, and Other Awards

Year ended December 31, 2022

(3) Annual Comprehensive Financial Report

In the Annual Comprehensive Financial Report, City grant projects are accounted for in the Special Revenue Funds, Capital Projects Funds, and Enterprise Funds. Details on the individual grant projects are not readily identifiable in the Annual Comprehensive Financial Report. However, allowable grantor expenditures as reported within the schedule of expenditures of federal, state, and other awards have been reconciled with the balances reported within the Annual Comprehensive Financial Report.

(4) Loan Programs

The City provides loans to various businesses and individuals using funds from various grant programs. These loans are primarily for the rehabilitation of commercial and residential properties. At December 31, 2022, the outstanding balances of the loans by grant program are as follows:

CFDA Number	Grant Program	Forgivable Loans	Loans with Continuing Monitoring Requirements	Total Loan Balance
14.218	CDBG-Entitlement Grant Cluster - CDBG	\$ 9,796	\$ 3,566,505	\$ 3,576,301
14.218	CDBG-Entitlement Grant Cluster - NSP 1	722,407	740,000	1,462,407
14.218	CDBG-Entitlement Grant Cluster - NSP 3	869,136	-	869,136
14.228	CDBG-State Program WI NSP 1	177,188	259,000	436,188
14.228	CDBG-State Program WI NSP 3	543,500	150,000	693,500
14.239	HOME Investment Partnerships Program	3,687,915	9,650,567	13,338,482
14.256	Neighborhood Stabilization Program 2	6,822,337	1,204,675	8,027,012
	Aggregate Balance	<u>\$12,832,279</u>	<u>\$15,570,747</u>	<u>\$28,403,026</u>

The loan balances reported include forgivable amounts and the forgiveness occurs when all eligibility requirements have been met.

(5) Related Party Transactions

The City expended \$19,226 in 2022 of its CDBG funds for the RACM. The expenditures incurred by RACM related to CDBG planning and environmental inspection reviews of rehabilitation projects in the City. The City entered into a cooperation agreement with RACM, which detailed responsibilities and allowable expenditure categories.

CITY OF MILWAUKEE

Notes to Schedule of Expenditures of Federal, State, and Other Awards

Year ended December 31, 2022

(6) State Programs Excluded from Testing

Certain programs funded by the State of Wisconsin that are included in the schedule of expenditures of federal, state and other awards are not required to be tested under *Wisconsin State Single Audit Guidelines* as follows:

- Local Roads Improvement Program (State ID #395.206)

(7) Indirect Cost Allocation Rate

The City of Milwaukee has not elected to apply the 10% de minimis indirect cost rate to awards for the year ended December 31, 2022.

(8) Subsequent Event

The City of Milwaukee received a total of \$394 million of direct award through the American Rescue Plan Act – State and Local Fiscal Recovery Relief Fund (SLFRF) in response to the COVID-19 global pandemic. The SLFRF will provide direct relief to units of local government to speed up recovery from the economic and other impact of the COVID-19 pandemic. The City received the SLFRF in two installments of \$197 million each in May 2021 and in June 2022. Remaining SLFRF funds of \$319 million as of year-end will be used to cover costs incurred through December 2024.

Additionally, the City received a total of \$108 million in direct awards under the American Rescue Plan - Emergency Rental Assistance (ERA). \$37 million of ERA funding remains at year end and will be used to assist eligible households facing rental debt and fear of evictions and loss of basic housing security in the subsequent year.

Award Numbers / Years

B-XX-MC-55-0006, B-20-MW-55-0006 / 2016-2022

Criteria: Under the requirements of the Federal Funding Accountability and Transparency Act (FFATA), direct recipients of federal awards are required to report first-tier subawards of \$30,000 or more to the Federal Funding Accountability and Transparency Act Subaward Reporting System (FSRS). Reporting is due no later than the last day of the month following the month in which the subaward obligation was made.

Condition/Context: FFATA reports were not submitted during calendar year 2022 for the CDBG program. Because no submissions were made, we did not select a sample for testing.

Effect: Reporting required under the FFATA was not completed, therefore, information about subawards was not shared with the federal government.

Questioned Costs: None.

Cause: There was turnover in the position responsible for the FFATA reporting. These responsibilities did not get passed on to another individual.

Recommendation: We recommend the City establish written procedures for filing reports under FFATA as a reference to other personnel in the case of employee turnover, absences, or shifts in responsibilities.

Views of Responsible Officials: The City of Milwaukee Community Development Grants Administration (CDGA) recognizes the importance and requirements of the Federal Funding Accountability and Transparency Act (FFATA) reporting. CDGA has established a protocol for the timely submission of FFATA requirements. These procedures cover all eligible grant reporting for first-tier subawards (\$30,000 or more) to the FFATA Reporting System (FSRS). Additionally, a third-party vendor's services have been contracted to collect, review and submit all Fiscal Year 2022 FFATA and Fiscal Year 2023 FFATA eligible grant reporting in the FSRS reporting system.
