3. Duration of time from first submittal to issuance of permit: **3.48**
4. Online user experience (examples: QLess, Land Management System/Accela, and the Permit and Development Center website): **3.41**
5. Overall experience with the Permit and Development Center: **3.88**

Asking for Feedback from Permit and Development Center Customers

Friendly, smiling staff. The tech team and front end staff are exceptional.

I appreciate the help of learning the online permit process since I'm not very well-versed on computers.

More in-person, so we get to know all of these new people.

It has been a lengthy process getting permits and plans approved. This has delayed construction and revenue by months. Please do something to help us small business owners.
