On behalf of the Milwaukee Preservation Alliance, I am writing to encourage your support for the temporary designation of 3035 W Wisconsin Ave, aka the Millerand Apartments. The 1925 building is a stunning example of multi-story neoclassical architecture, and has maintained much of its unique character and ornamentation for almost 100 years. We at the Milwaukee Preservation Alliance are encouraged by individuals such as Mr. Dieter who show interest in the protection of our city's history through these applications, and support his designation application wholeheartedly.

Thank you for your continued work protecting the historic fabric of the city of Milwaukee, and your consideration of this excellent nomination.

With Regards,

Emelia Rudd
Executive Director
Milwaukee Preservation Alliance
