 - Site Plan showing location of project and adjoining structures and fences

**PLEASE NOTE: YOUR APPLICATION CANNOT BE PROCESSED UNLESS
BOTH PAGES OF THIS FORM ARE PROPERLY COMPLETED
AND SIGNED.**

5. DESCRIPTION OF PROJECT:

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached via email.

This project's focus is the replacement of the existing disintegrating single-pane wood window system with a historically accurate energy efficient window system. The window system that we are proposing is a double pane aluminum framed system. This system offers an energy efficient design and has been utilized for historic building window replacement projects throughout the United States. The installation of this energy efficient system will bring comfort to the building occupants and reduce energy costs for the overall facility. The system that we are proposing also provides a minimal maintenance window system, which is important to MPS.

The window system that we are proposing is an aluminum window frame system (thermally broken) with double pane glazing (with insulating gas between the panes). The proposed window system will match the profiles and dimensions of the existing system.

See attached for details

6. SIGNATURE OF APPLICANT:

Christopher D. Kidd AIA, ALA, NCARB
Signature

Christopher D. Kidd AIA, ALA, NCARB
Please print or type name

8-14-2024
Date

This form and all supporting documentation MUST arrive by 4:00 pm (11:59 pm via email) on the deadline date established to be considered at the next Historic Preservation Commission Meeting. Any information not provided to staff in advance of the meeting will not be considered by the Commission during their deliberation. Please call if you have any questions and staff will assist you.

Hand Deliver or Mail Form to:
Historic Preservation Commission
City Clerk's Office
200 E. Wells St. Room B-4
Milwaukee, WI 53202
