

File Number 240661. A substitute ordinance relating to the change in zoning from Two-Family Residential, RT4, to Industrial Mixed, IM, for the properties located at 2716 and 2740 North Humboldt Boulevard, on the east side of North Humboldt Boulevard, north of East Center Street, in the 3rd Aldermanic District.

File Number 240661. Context.

File Number 240661. Consistency with Comprehensive Plan.

Northeast Side Plan

- Adopted in 2009, and amended in 2012 and 2018.
- Supports new development on vacant or underutilized land that reinforces compact and pedestrian-friendly development patterns, adds to the diversity of housing choices in the area, supports opportunities for owner occupancy, and protects the natural environmental corridor along the river.
- Proposed development would repair the traditional built street edge along N. Humboldt Bl. with well-articulated, pedestrian-friendly building facades and create unique housing options that support access to transit and open space.
- Proposal is consistent with the plan recommendations.

RTC's Mission:

Create an Inclusive Mixed Income Community of Neighbors, addressing Milwaukee's history of racial deed restrictions by--

focusing on the racial home equity family wealth gap

&

the environmental justice gap created by one of the most segregated cities in the United States.

COHOUSING IS COMMUNITY BY DESIGN:

A Mixed Income Community Designed for Social Interaction

Private homes are small, with lesser used areas (guest rooms, laundry, workshops, exercise & entertainment) relocated to the Common House

Cars are de-emphasized underground with many w/o a car relying on nearby public transportation & bicycles in this walkable neighborhood

Most homes look out to the common area activity, encouraging meet-ups & joint activities

Common House allows for weekly community meals & community functions

Deed-restricted Ownership Creates Perennial Opportunity to Build Family Wealth

- Deed restrictions safeguard the initial investment in more affordable homeownership by limiting subsequent sales of the home to income-eligible borrowers at a more affordable price.
- Resale restrictions attach to the property's deed.
- Buyers of deed-restricted properties will build and retain equity to the same percentage as at purchase, thereby preserving ongoing affordability for the next buyer, in keeping with the terms of the restriction.

While not Reinventing the Wheel, We **Are** Pushing the Envelope!

What's Current?

There are more than 170 cohousing communities in the United States.

Sustainable green building & living.

What's New?

- Milwaukee's 1st cohousing community
- Among the nation's 1st cohousing deed-restricted sales pricing for below market homes
