..Title
Substitute resolution approving the First Amendment to the Cooperation, Reimbursement and Redevelopment Agreement (Harley-Davidson Museum Project).

..Analysis
The Cooperation, Reimbursement and Redevelopment Agreement ("Agreement") for the Harley-Davidson Museum provides for three phases of development, the first two of which, including the main museum, archive building, conference/reception facility and restaurants, were completed in June of 2008.

This substitute resolution approves an amendment to that Agreement to eliminate the proposed 100,000 square-foot third phase of the museum complex.

The current Agreement provides the City of Milwaukee ("City") with certain options in the event the third phase is not completed by June of 2011; sue the developer for the City's actual damages, as a result of the third phase not being completed, or exercise its option to repurchase a portion of the museum campus, specifically, the two parking lots located west of 6th Street, for \$535,000, the price the developer paid the City for the sites.

This amendment eliminates the requirement for the third phase of the museum development and in lieu of the City's current contractual remedies, provides a payment of \$550,000 from the developer for the purposes of funding future redevelopment activity in the City. These funds shall be deposited in the City's Development Fund capital account.

The developer also advanced funding for a tax incremental district to assist the museum project. The City is currently repaying that funding from incremental taxes generated by the project. As provided in the Agreement, given that phase three will not be developed, reimbursements from the tax incremental district to the developer will be reduced from \$7,000,000 to \$5,765,000. The developer advanced all of the funding in the tax incremental district.

..Body
Whereas, The City of Milwaukee ("City"), the Redevelopment Authority of the City of Milwaukee and H-D Milwaukee, LLC entered into a Cooperation, Reimbursement and Redevelopment Agreement ("Agreement") dated as of February 1, 2005, providing for the development of a three-phase, 230,000 square-foot Harley-Davidson museum complex at a cost of \$95 million to be located at North 6th and West Canal Streets in Milwaukee; and

Whereas, Phases one and two of the complex were completed in June of 2008, consisting of the main museum structure, archive building, conference/reception facility and restaurants; and

Whereas, As provided in the Agreement, phase three of the complex, consisting of one or more office and/or commercial structures totaling approximately 100,000 square feet, is to be completed on or before June of 2011; and

Whereas, Harley-Davidson, Inc. has indicated that due to the deep recession, especially affecting real estate and Harley-Davidson's operations, it is not able to proceed with phase three and wishes to eliminate the requirement to build phase three; and

Whereas, As provided in the Agreement, in the event phase three is not substantially completed on a timely basis, the City may sue for damages or exercise its option to repurchase two parking sites located west of 6th Street, which the City sold for the museum development; and

Whereas, The April 7, 2011, version of the First Amendment to the Agreement, a copy of which is attached to this Common Council File, provides for the elimination of phase three of the museum complex, the elimination of the above remedies on the part of the City and the payment of \$550,000 to fund future redevelopment projects in the City; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the April 7, 2011, version of the First Amendment to the Cooperation, Reimbursement and Redevelopment Agreement is approved and that the proper City officials are directed to execute such First Amendment on behalf of the City; and, be it

Further Resolved, That upon the City's receipt of the \$550,000 payment from the developer, the City Comptroller shall transfer these funds to the Development Fund capital account (parent account).
