

MEMORANDUM

LEGISLATIVE REFERENCE BUREAU

WWW.MILWAUKEE.GOV/LRB

To:

Honorable Members, Common Council

From:

Amy E. Hefter - Legislative Fiscal Analyst, ext. 2290

Date:

August 30, 2011

Subject:

Revised - Community Development Block Grant (CDBG) Year 2012 Funding

Allocation Plan (FAP)

This memo sets forth the Community Development Block Grant (CDBG) Year 2012 Funding Allocation Plan (FAP) changes made by the Community and Economic Development Committee and Common Council.

Table 1, on page 2, titled, Community Development Block Grant Year 2012 Funding Allocation Plan (FAP) – CCFN 110342, shows the changes that were made at the Community and Economic Development Committee on July 18, 2011 and the Common Council meeting on July 26, 2011. In addition, the table also shows the requested changes to the FAP in the mayoral message veto of August 4, 2011.

Table 2, on page 3, titled, Community Development Block Grant Year 2012 Funding Allocation Plan (FAP) – CCFN 110342 VS. CCFN 110571, shows the changes to the Year 2012 Funding Allocation Plan if Common Council File Number 110571 is adopted. The difference between the plan adopted by CCFN 110342 and the proposed plan introduced by CCFN 110571 is \$400,000. \$400,000 is subtracted from public service (\$375,000) and capacity building (\$25,000) categories of the Year 2012 CDBG Entitlement Allocation and added to the City CDBG Allocation. The total 2012 Proposed CDBG Entitlement Allocation remains the same.

In addition, attached to this memo are the U.S. Department of Housing and Urban Development's 15% Public Services Cap regulation requirements. These regulations were referenced in the Mayor's veto message. HUD requires that the total amount of CDBG funds obligated for public services activities must not exceed 15% of the annual grant allocation. Please note that only funds that are expended in public services count toward the 15% cap.

I hope this information proves helpful. Please contact me with any questions you may have concerning this issue.

The total amount of CDBG funds **obligated** for public services activities must not exceed 15 percent of the annual grant allocation **plus** 15 percent of program income received during the prior year.

The only exception to this rule is for grantees that obligated more than 15 percent of their fiscal year 1982 or 1983 funds for public services.

Public services carried out by subrecipients are subject to the 15 percent public services cap.

Because the public services category covers numerous important activities but is limited by the 15 percent cap, grantees should make efforts to see if a service type activity meets another CDBG eligibility category. For example, removing graffiti from public buildings is a public service. However assisting private properties with graffiti removal may be better categorized as eligible property rehabilitation activities.

In addition, the CDBG regulations offer flexibility in using CDBG for certain public services, particularly services designed to increase employment opportunities, *outside* of the 15 percent cap. The eligibility options include:

Provision of assistance to microenterprises as a separate eligible activity. This includes technical assistance, business support services, and other similar services to owners of microenterprises or persons developing microenterprises;

Certain job training and job placement services are considered to be an activity delivery cost if provided in connection with eligible economic development projects under 570.203;

Job training, job placement and other employment support services that are carried out by a qualified Community-Based Development Organization (CBDO), as part of certain types of projects, and which are specifically designed to increase economic opportunities including peer support programs, child care, counseling, transportation and other similar services; and

Any type of services carried out by a qualified CBDO, as part of certain types of projects, pursuant to a strategy as part in a HUD-approved NRSA.
