

PORT OF MILWAUKEE PRESENTATION TO CAPITAL IMPROVEMENTS COMMITTEE 9-6-2011

SLIDE NUMBER 1

The Port of Milwaukee

**The Port of Milwaukee is a critical
transportation and distribution
link to Southeastern Wisconsin's
Economy**

The Commercial Port's **Mission**

The Mission of the Port is to enhance the overall economic and social environment of our region by stimulating trade, business and employment.

Consistent with the Port's water-related location, the Port shall strive to be a premier provider of transportation and distribution services for its commercial customers and support public recreation, leisure and other uses the Port deems to be in the public interest.

**Shipping through the Port of
Milwaukee saves area
consumers over \$58 million
annually on transportation
costs.**

⚓ DREDGING

SLIDE NUMBER 12

Like snow that fall on roads, material that settles out in the shipping channel needs to be removed to kept the ships moving.

The material is dredged and placed in a dredge material management facility creating new usable land over time.

⚓ PIER & TERMINALS

International and domestic cruise ship business began in 1997 with the c. Columbus.

Discovery World at Pier Wisconsin

- new cruise ship dock

Small ships like the Grand Mariner make 4 to 5 trips each year to the new cruise ship dock at Pier Wisconsin.

Containers are available at the Port on the sixth morning after the train leaves Vancouver, and on the third morning after leaving Montreal.

Customers can pick up their container within minutes of unloading the train with virtually no waiting time to load trucks.

⚓ GRANTS

An aerial photograph of Milwaukee, Wisconsin, showing the city skyline, the harbor, and the Milwaukee River. The city is densely packed with buildings, and the harbor is filled with industrial structures and ships. The Milwaukee River flows through the city, and the harbor is a large body of water. The sky is clear and blue.
