MATA COMMUNITY MEDIA 2012 PLAN OF OPERATIONS TO THE CITY OF MILWAUKEE

September 28, 2011

Section 4.1 - Community Channel

The Community Channel continues to add new programs and improve each year. Programs airing on Channel 14 have a great mix of sports, education, community interest events and entertainment. The production quality continues to be good. High profile guests and many others continue to appear on various programs. In addition, elected officials from all branches of state, local and national level of government have appeared on channel 14 within the past year.

A number of programs were created by youth during 2010 - 2011. Schools and youth serving agencies are still using MCM services, but it is now handled through the public access department.

Projections for the Community Channel activity in 2012 are:

- 200 "first run" local programs totaling 150 hours.
- 200 "first run" out-of-house programs totaling 150 hours.

Section 4.2 - Educational Consortium

The consortiums continue to work cooperatively with MCM. ESCC continues to air School Board meetings on channel 14. Given the time frame for the shared use, the educational channel is not available to ESCC during the time of the Board Meetings. HECC completed both years of a two year contract with MCM. For 2011, MCM is expected to continue providing services to HECC on the Time Warner system and service continues to be provided on the UVERSE system. MATC still manages its own stream to the AT&T system.

Section 4.3 - Public Access

The projected goals for the public access channel 96, are all met or exceeded with the exception of one. During 2010-2011, the total number of new programs submitted was 1,094. The "first run local "average programming hours were 300 hours, "first run out-of-house" average programming hours were 285. The 2011 projection for training sessions was 96. Because the actual has exceeded the training projection for two consecutive years, the projection for 2012 is 132.

Projections for Public Access activity for 2012 consist of:

- 132 training sessions are scheduled to take place during 2012 (See attached)
- 200 hours of local "first run" programming.
- 200 hours "first run" for out-of-house programming.

•

Projected use of facility components in 2012 is:

• Portable cameras: 20% capacity

• Editing: 20% capacity

• Main Studio: 10% capacity

• MPACT Studio: 20% capacity (see attached reports)

It is important to note that capacity during prime time hours is dramatically greater. There will be an average of 25 producers per month submitting regular programming. In addition, periodic submission from other individuals will be provided. Facility use projections remain the same as 2011.

Section 4.4 - Production Quality

Production quality for channel 14 continues to improve each year. To ensure no one is refused service as a result of high quality requirements, production standards for public access remain low, but still within industry standards.

Section 4.5 - Electronic Media Accessibility

As a result of the 2000 funding reduction, MCM continues to maintain reduced hours for service. Service hours for 2012 are expected to be Mondays, 5:00 pm - 10:00 pm, Tuesday - Thursday, 1:00 pm - 10 pm, Friday and Saturday, 9:00 am - 1:00 pm. Further staff cuts may result in reducing the hours, but that is not anticipated at this time.

Section 4.6 - Supplemental Funds

Due to the economic environment, revenue generation for 2012 is expected to be much like 2011. The City contract payments are expected to the same as 2011. As per the City contract, the payment to MCM is reduced by \$85,000 for 2012. The remaining years of the MCM and City of Milwaukee contract will continue to have fluctuations in the amount paid to MCM each year. For 2012, the annual payment of \$420,000 is expected. Again, due to the current uncertainty of the

national economic climate, no projected increase was made to Production Contracts or Grant Revenue.

North Shore Cable Commission (NSCC)

Effective December 31, 2010, the contract with MATA and the North Shore Cable Commission (NSCC) matured. Since State legislation terminated PEG funding as of January 1, 2011, NSCC no longer has funds available to pay for services. As a result, MATA's income will be reduced by the amount of that contract, an estimated \$20,000. The last payment for the year 2010 was paid in the first quarter of 2011. If a change in legislation occurs, MATA will pursue a new contract.

Mortgage Expense

The original 2011 budget assumed the mortgage interest rate would change from prime plus 1.25% to 15%. A rate increase was recognized, but it was 6.5%. The current agreement has it as a fixed rate through December 31, 2011. Since MATA does not anticipate paying a higher rate, the budget reflects the 6.5 % rate through 2012.

Staff Impact

The executive director's salary has been voluntarily frozen since 2005. Neither COLA nor merit increases were received. As of January, 2011, all staff salaries were frozen for the year. The 2012 budget has appropriations to provide 1.5% COLA to the staff.

Scope of Service for 2011

a. Public Access:

- (1) 100 total training sessions. See attached. (132 actual classes offered)
- (2) A minimum of 25 active producers each month submitting an average of new "first run" programs. (32.5 producers / 2 new programs)
- (3) Projected use of facility components as a percentage of availability:

Portable Cameras: 20% capacity (15.1% Actual)

Editing: 20% capacity (22.4% Actual)

Main Studio: 10% capacity (11.7% Actual)

MPACT Studio: 20% (23..6% Actual)

*NOTE: Capacity during "prime time" hours is dramatically higher.

(4) Community outreach surveys:

b. Community Channel:

(5) Projected number, cumulative length and types of programming by source 200 "first run" local programs totaling 150 hours.

(187 programs / 161.63 hours Actual)

200 "first run" out-of-house programs totaling 150 hours.

(429 programs / 400.96 hours Actual)

(Actual numbers are for September 1, 2010 through August 31, 2011.)
