To the Public Works Committee

Subject: Common Council Resolution File Number 110257

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 110257, being a resolution to amend a special privilege to Marquette University for additional chiller lines crossing North 13th Street for the building at 1250 North Wisconsin Avenue which is in a greater network of chiller, steam, electrical and communications lines for the university campus at and adjacent to 1801 West Wisconsin Avenue.

Marquette University had requested permission to keep or construct chiller lines, steam lines, electrical lines and communications conduit in various public rights-of-way to serve buildings on the university campus. Permission for said items was granted under Common Council Resolution File Number 080435 in 2008.

Presently, Marquette University is requesting permission to construct and maintain two, 14-inch diameter chiller lines crossing North 13th Street at a point approximately 110-feet north of West Wisconsin Avenue. The chiller lines will serve the new student services building, Zilber Hall, located at 1250 West Wisconsin Avenue.

We are not aware that the presence of said items has had or will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will grant permission for the new chiller lines to occupy the public right-of-way and allow previously permitted items to continue to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Ghassan Korban
Commissioner of Public Works

Art Dahlberg, Commissioner
Department of Neighborhood Services
