To Whom it May Concern,

My 2003 Chevy Mailbu was towed from the 1300 block of North Dr. Martin Luther King Drive sometime between midnight Friday, October 21st and noon on Saturday, October 22nd. I was unable to retrieve my vehicle until Monday morning due to the lot Administration office being closed. Upon receipt of my vehicle, I noticed that the rear passenger door had extensive damage that was not there prior to the towing of my vehicle.

Because my car was towed from the street, it is obvious that the passenger side was not susceptible to damage from an outside force, since it was not visible to or facing the street. I was made aware by the tow lot personnel that there is surveillance in place that I would like to have investigated for the causes of the damages.

As a more than full time worker who uses my vehicle for business purposes, this is an extreme inconvenience to me. I would like the appropriate party to pay for the assessment of damages, the repair of the damages and also a form of transportation for any time I am left without a car.

I thank you for your consideration and timely response to this matter. If there is anything I can do to speed up this process or any additional information that is needed from me, please contact me at any of the contact methods listed above. I look forward to cooperating with you to ensure this matter is investigated and resolved as soon as possible.

Sincerely,

Liana M. Korek

To Whom it May Concern,

I am writing to follow up with my original letter, dated October 24, 2011, regarding damage done to my vehicle while it was being towed and/or parked in the tow jot.

After speaking with Steve Carini, Investigator Adjuster, I would like to file for the dollar amount necessary to rectify my damages. Attached you will find an estimate for the damages, totaling \$1100.15. Also, as noted in my Initial letter, I would like to be compensated for a rental vehicle. Westway Auto Body approximated 3 days to complete the repairs. Through my company, I am able to utilize my corporate discount for personal vehicle rentals. Any of the major rental companies (Enterprise, Avis, Budget, etc) have quoted me around \$36/day for a vehicle similar to mine.

The total amount that I am requesting to fix the damages on my vehicle is \$1208.15, which covers the physical damage to the vehicle as well as a means of transportation while my car is being repaired.

I thank you for your consideration and timely response to this matter. If there is anything I can do to speed up this process or any additional information that is needed from me, please contact me at any of the contact methods listed above. I look forward to cooperating with you to ensure this matter is investigated and resolved as soon as possible.

Sincerely,
