To the Honorable, the Common Council

Subject: Private Street Designation Request North Edison Street between
East Milwaukee Street and East Pleasant Street

Dear Honorable Members:

To support the North End Phase II development located immediately east of the Milwaukee River between East Milwaukee Street and East Pleasant Street, the developer is requesting that the City designate a private street to be known as North Edison Street. With the City recognizing this private roadway, building addresses can be assigned to support the residential/commercial use as well as emergency response agencies.

It is recommended that the attached resolution be adopted to create a private road known as North Edison Street between East Milwaukee Street and East Pleasant Street.

Very truly yours,

Jeffrey Polenske, P.E.
City Engineer

Ghassan Korban
Commissioner of Public Works
