

March 29, 2012

To the Honorable, the Common Council

Subject: Resolution rejecting reservations for public alley purposes, in the block south of East Bottsford Avenue between South Lenox Street and South Pine Avenue, in the 13th Aldermanic District.

Dear Council Members:

Reservations for public alley purposes were placed on certain properties within the subject block prior to annexation to the City of Milwaukee. Vehicular access to the properties in this block is provided by side driveways connected to public street right-of-way. The unimproved public alley located immediately south of the reservations is being vacated, therefore, these alley reservations are no longer needed.

The rejection of the subject reservations for public alley purposes, as indicated on the attached plan, will give the property owners full use of their land where there is no longer a need for future public alley.

Therefore, it is recommended that this resolution be adopted.

No fiscal note is required per Section 50-4.2(3)(e) of the Milwaukee code of Ordinances.

Very truly yours,

Jeffrey Polenske, P.E.
City Engineer

Ghassan Korban
Commissioner of Public Works
