**Subject:** RE: Apprising you of legislation coming forward

Alderman Bohl:

On behalf of the Wisconsin Dental Association, I'd like to thank you for the advance notice of the hearing you have requested on the issue of community water fluoridation in Milwaukee. It is probably no surprise to you when I say that the WDA and its member dentists remain supportive of oral health benefits that are achieved due to community water fluoridation and we look forward to the opportunity to have someone testify on our behalf. Thanks again for the courtesy of the advance notification and please let me know if you would like to meet with the WDA prior to the hearing to discuss this further.

Sincerely,

Mara Brooks

Mara Brooks

Dean Lobb, Mr. Paget and Ms. Brooks,

I'd like to take this opportunity to inform you of legislation I am introducing before the Milwaukee Common Council which seeks the elimination of forced fluoridation of the city of Milwaukee's municipal water. A public hearing on this matter will take place at the Common Council's Steering and Rules Committee on Thursday, May 31, at 1:30pm, at Milwaukee City Hall, 200 E. Wells St. You and representatives of your organization are welcome to attend this hearing. In addition to this courtesy notice, I will request both the Wisconsin Dental Association and Marquette Dental School be added to the formal agenda notice on this matter by the City Clerk's Office.

If you are aware of other persons or organizations that should be notified of the hearing, I would ask that you provide information for these individuals/groups to City Clerk Staff Assistant Tobie Black. Ms. Black can be reached at [tblack@milwaukee.gov](mailto:tblack@milwaukee.gov) or phone number 414-286-2231.

If you have any further questions or wish to discuss the matter further please do not hesitate to
