

SIMPLE AMENDMENT

SUBSTITUTE AMENDMENT

PROCEDURAL MOTION

AMENDMENT BY ALD. BOHL

TO FILE NO. 121275 VERSION: 1

TITLE: A substitute ordinance relating to building code requirements for window installation.

ITEM NO. 2 COMMITTEE: Zoning, Neighborhoods and Development

TEXT OF AMENDMENT

I move to substitute Substitute 1 of File Number 121275 with Proposed Substitute A.

ANALYSIS OF AMENDMENT

Substitute 1 requires a building permit for window replacement in a one- or 2-family dwelling if the size of the window opening is being changed, the window is required to be fire-rated, the window is required to have safety glass or the dwelling is a City-designated historic structure or located in a City-designated historic district. Proposed Substitute A simply provides that no permit shall be required for window replacement unless the size of the window opening is being changed or unless a permit is otherwise required by law.
