My claim is against the city of Milwaukee due to a unlawful & negligent act by an employee of the city - Lou Gallup. Her act ~~of~~ on Oct 19, 2012 violated my constitution rights. I gave my dogs up to her under duress - I was not doing anything wrong - I am not an attorney - but I was sitting in my car with my dogs giving them special treats. I feel she did not have a right to just take my dogs. I loved to let my dogs run - because they were able to run fast around the edges of the lot, I love my dogs they are gifts from God. It is so painful to be with out them. I can't sleep at night, I have nightmares,

I'm writing this for myself and for Joe Capol. I'm not a lawyer & Joe is not a lawyer. We are just friends & we both miss our little baby dogs so much we can not take the pain. We were just trying to show the dogs as much love and fun as possible. Joe Capol is 66 years old and handicap. Two years ago he broke his back. He still has pain in his back. He takes medication for this pain. He has limited mobility & should be in a wheelchair but he still took good care of his dogs. We spent a lot of time at the lot, but we did not live there. He was helping the owner by checking for trailers not to park there. It was summer we were just having a little fun.

the car and truck & van did not have any human or animal waste - no human or animal feces or urine.

Sometime in the past he helped a friend with house clean ups. He took some of the metal to Miller & the other garbage to Milwaukee City dump on 38th Lincoln. It was all just trash.

To me the lot was just a nice place to run my dogs & walk them & play with them.

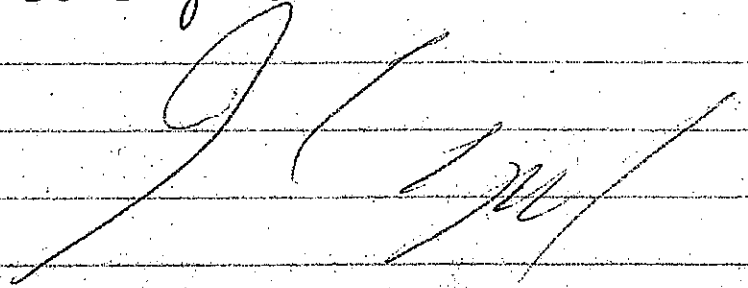

I did not give her my dogs & Joe did not give her his dogs - It was distress

We can not understand
She didn't show us a badge or ID - didn't show us a warrant didn't give us a chance to call an attorney.

I feel she infringed on my constitutional rights - & his. Mainly Amendment # 4, # 8 & # 14. All animals are gifts from Gods

My claim is against the City of Milwaukee because its employees acted unlawfully. It was the violation of my Fourth Amendment rights to be free from unreasonable searches and seizures.

I was not doing anything wrong. I was sitting in my car with my dogs. I love my dogs. I love to spend time with them. It was summer. It was beautiful outside.

My dogs were not neglected. They had all the good they wanted, dog food & treats. They always had plenty of clean water - they had bottled spring water. They had all the exercise they wanted. They were free to go out as needed. The lot of 1710 W Vernon when he was there had grassy areas to run & play. They could run & play at the workshop.

My dogs were legal, they were current on their shots.

My dogs were not abused, I never hit them. They seldom had a leash on. They were never in a cage. The only time Maggie was on a leash was when I had to take little naps - I'm diabetic, and take medication, & due to a back injury, I broke my back a few years ago.

My dogs were not abandoned because they went everywhere with me. They were never left alone. They liked going with me to McDonalds for burgers and treats like a little malt every day & every night.

I had permission to park at 1701 W Vernon from the owners. I was watching for trailers they did not want parked there.

For several years I parked
at 1710 W Vernon, it is private
property signs are posted.

I sat in my wheelchair
and watched my dogs run
around and play in the grass.

My dogs are extremely
special. They are my special
little babies. They are not
replaceable each one in its
own special way. It was summer
I was keeping my dogs healthy
by being outside with them
and they could run and play.
No dog, cat or human needs
to be cooped up, I don't know
how much longer I can go
on I miss them so much.
I worry so much about them
I'm unable to sleep right
and I feel sick to my
stomach most of the time.

To me all animals are gifts from God. If I could all the animals at MADACC would be going out to walk, play and eat good food & special treats.

My claim is for \$1,000,000.00 for the MADACC.

My claim is for the same for me for all the suffering I'm going through.

My claim is to have my dogs returned.

The building inspector did not identify herself to me, she did not show me a warrant. If she would I would have shown her the paperwork on my ~~for~~ adult dogs & show her they had shots. She had no reason to seize my dogs. I also had my puppies in my car & they are not required to have it.

She did not know the truth & feel she violated my constitutional rights. For if she had a warrant she did not show it or tell me she did. She ~~it~~ seized my dogs & she did not have knowledge of the facts. She had no accurate information sufficient to constitute probable cause.

I was denied access to my medication. I was not allowed to call my attorney. I was not charged with any crime.

She Violated my rights to protection against unreasonable search & seizure & an illegal detention a malicious abuse of power.

I think she violated my right to due process by failure to investigate the facts before demanding my dogs.

My dear Please give me my dogs back, \$1,000,000.00 for the animal control + 1,000,000.00 for all the pain & suffering.

I have such scary nightmares that I'm afraid to sleep at night. I'm worried because I love & miss my little babies.

I'm writing this for Joe Capol.
He is 65 years old and handicap.
A few years ago he broke his back.
He can not understand why
they came and took his dog.
He said they did not tell him anything.
They did not identify themselves.

He just got out of the hospital
he said. He said he was just sitting
in his car with his dogs and he just
took a pill. He said his dogs were
all legal with all their shots. He
has permission to park in the lot
from the owners. He had permission
to watch the lot so that certain
trailers did not park in the lot. He
also cleaned around the lot. Because
there was heavy rain those days every
thing became very messy. He said
his dogs are his babies. He loves his
dogs. He is bonded to them. Maggie
is bonded to Joe she loves him. Their
his ~~old~~ children.

His dog Maggie watched over him. He said he would sit in his wheelchair and watch his dogs run, and play in the area of the lot with grass and trees. He also fed his dogs very well. They had good dog food. They had good treats - hot dogs, chicken taco's from Taco Bell & Cheeseburgers from McDonalds, milk bone dog treats.

Most of the day he would go to the house at 1125A 30 25th to clean and help with repairs. And he took his dogs inside with him.

He also has a workshop at W250 S849 Enter Rd Mukwonago WI 53149 in the middle of a cornfield. They run & play there too. It is beautiful there - with large trees and shade.

Since Maggie is gone - his German Shepherd he has been robbed, he had his wheelchair stolen, he was hit from behind so hard he is seeing a doctor - because his right arm hurts all the time & he can not

use it. He also lost his little parking lot job. He is unable to help at the house. He is deeply depressed and does not care about anything but getting his dogs back.

I am writing this claim for Joe. My claim is basically the same as Joe's. Except I was in my car with my dogs. He would sit in his wheel chair and watch his dogs run & play. His dogs are his babies, my dogs are my babies. I hate to admit it but I am over 65 also, I took my dogs for many walks & many places. My dogs are my gifts from God. They are my babies. no dog mess in my cars. And my dogs
liked to run around and play in the grass
in the lot. Maggie protected me.

I was sitting in my car with my very small toy sized dogs & very small puppies. My dogs had shots & had dog licenses. To me they are gifts to me from God. I raised these little dogs. I was not doing anything wrong - I was helping my friend he was trying to start his car. I took my dogs for many walks at the parking lot & other places. I had made arrangements with a realtor Dale King to go down to Arkansas to look at properties - because I planned to purchase one - ~~the~~ the properties had houses, acreage & ~~are~~ are unrestricted. But he said only after I look at them he would sell one to me. I'm looking for more walking places. Once I find one I plan to go. When the white female demanded I ^{not} hand her my dogs I feel she acted ^{to} ~~unlawfully~~ ^{come} ~~because~~ ^{ba} did not identify herself ~~and~~ did not give her name. Show me a badge or ID or a Warrant. My dogs may ~~be~~ small but they loved to run & play at the lot ~~little~~.

Because I now have serious night-
mares. I wake up because I
think my Grandmother and my dad
are here - they passed away. I see
other people from my past who
also passed away - I can't take much more.
My phone number is
my address -

Marion M. Kause

I can not take it. I miss them
too much. I wish I could walk
each and every poor dog in
the animal control places & cats too.
I'm be older but I feel I
should have a right to walk
my dogs.

The reason I'm making this claim against the city is because I didn't live in the parking. I was helping my friend clean the area up - He is 66 y/o & so am I. But he is handicap, hard of hearing & unable to walk well because he ~~had~~ broke his back a few years ago. Now his right arm is so damaged by whoever hit & robbed him after the city employee took his dogs from his car. Since my little gifts from God are not with me I can not sleep or much at all, I miss them so much. I raised them I see ~~these~~ ^{love} cute little things so much. My dogs had shots & license & I feel she had no right to them.
