Mr Grant Langley

Yes, I would like to appeal this decision. I base this on my communication with the officer on site. There seemed to be an issue with the road repairs and that they had not being completed in a timely manner. The officer also left me a voicemail to verify his contact information: phone# 286-2221 and referenced incident# 130420580. The Investigator Adjust may want to contact him to verify this information.

Thank you for your service.

Sincerely

Ref: Claim, Incident Number 13-042-6014

I had the unfortunate meeting with a pot hole located on the left side of the right lane, southbound at approximately 6230 Fond Du Lac Ave on the morning of Feb 11, 2013 at about 5:20am. I pulled into the BP gas-station at 60th and Fond du Lac. To make repairs. My front tire was stuck on the axel so I called AAA while my wife and daughter called for alternate transportation to their school and work downtown.

After temporary repairs were made and I was provided the opportunity to talk with another motorist who suffered the same encounter, I was told if I provided evidence, the City of Milwaukee could possibly reimburse me for my claim. I returned to the pot hole and met with Officers Meinecke and Patti,

Attached is a copy of the receipt/Incident Number 13-042-6014 I received from Office Meinecke, photo graphs of the pothole and damages to my front and rear tires. The damage to the rear was identified by Germantown Tire and Auto when I took it in for repairs that afternoon and recommended for safety reason, to have it replaced also. After replacement, their alignment test also indicated the necessity for a wheel alignment. Also attached there are copies of receipts for my tires when purchased: 10/17/12 with an odometer reading of 46,499 miles. The tires were just about 4 months old with less than 6,150 miles on them.

Total Claim cost is \$371.71

Thank you for your service.
