Property information reflects City Assessor's Office Records. There is a multiple week gap between when a foreclosed property is bought or sold, the transaction is recorded with the County Register of Deeds Office and the information is updated in City records. Therefore, recent transactions will not be reflected in the reported statistics.

\* Total includes 148 properties acquired by the City through tax foreclosure during July of 2012. These properties did not appear on the previous report because their acquisitions were still being processed and Assessors Office records updated.
