Mr. Steve Mahan,

I am providing the following breakdown of the \$300K split that was originally awarded to Ingram Place Apartments.

Ingram Place Apartments: \$18,751

Appleton Heights Townhomes: \$136,000

Glendale Heights Townhomes: \$145,249

This minor change will now allow for the \$300,000 to foster the development of 89 affordable units as compared to 53 affordable units. These projects also will provide 18 units that will service individuals that are "at-risk of homelessness". The YWCA will be providing the wrap around services to our tenants.

Community First will be providing you this same information and request via a letter.

Thank you.

Rafael Garcia

Executive Director
