5. DESCRIPTION OF PROJECT:

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached.

As we have two young children under two, we are hoping to build a fence from our garage to the house so that our backyard is fully enclosed and safe for toddling.

This fence will not touch any adjoining properties and will not be visible from the street - it will be entirely our fence.

The fence will run from the garage, along the flower bed. (see pictures).

We will use contemporary picket, dog eared fence, totalling 26 feet, 4 feet high, and including a 6 foot double gate for our entrance to the backyard.

As I (Meagan) am taking care of this project and am at home with two little boys, I hope we can correspond by phone or email for this approval, it would be difficult for me to get to your offices. Thank you very much!
