1892, that's the year Dover Street School was built - says so on the front door. It was meant to be a school - I went to school there. St. Luke's plans make far better sense. This is a neighborhood, people take pride in their homes. There's been plenty of new bars and apartments recently built let St. Luke's compliment those improvements. I am opposed to the 90 Unit Apartment currently under consideration.

Terry and Joanie K. Kitzrow 636 E. Otjen Street Milwaukee, WI 53207
