Dear Ms. Cornell:

After relaying our conversation of 4-7-14 to the Executive Board, it was decided that the pursuit of renaming the triangle underneath the Letter Carrier Statue (CC # 882620 for postal statue on city property at Wells, Plankinton, 2nd) is not in the best interests of our organization or the City of Milwaukee and we withdraw our request.

If the property is reconfigured in the future, we would like to voice our concurrence that a hard surface like decorative concrete or pavers be installed to alleviate the dog waste problem and to provide relief to the City Forestry Department concerning maintenance of the site.

I appreciate your diligence in researching this issue and your attempts to find a mutually appropriate solution to our original request. Please keep me in the loop if future development plans impact the site that we hold quite dear since it holds a unique and historic place in our organization.

Sincerely,

Scott A. Van Derven, President
