Subject: Sam's Club Placement at 124th & Bradley

Dear Alderman,
PLEASE DO NOT place a Sam's Club at the above location. It would be more appropriate on Brown Deer road by Northridge, which could use a business which draws people from a large surrounding area and could handle the increased traffic flow much better. Can you imagine the traffic flow on 124th along with all the trucks that now use it? It would be a nightmare!!

I would very much dislike it if Dreska Park land is used. As a 25 year resident of Granville I think this would be an awful decision, especially since I already am puzzled by the development (or lack of) along Brown Deer road, the disrepair of roadway along 107th to Good Hope Rd, not to mention Granville Rd.

There has to be a wiser placement for Sam's Club.
