

Protecting What Matters.

September 27, 2014

To the Honorable Members of the
Zoning, Neighborhoods and Development Committee
City of Milwaukee
City Hall, Room 205

RE: File # 140682

Dear Committee Members:

We are the MANUFACTURING business on the near south side that initiated the need for this zoning change, thanks to the support of Alderman Perez.

We are faced with low income housing and a choice school encroaching on our otherwise Heavy Industrial area. We are now faced with being "sandwiched" between these two neighbors. We support this zoning ordinance change so that future companies would have the proper notification and input (through their alderman) of whether to allow certain residential uses in otherwise IM districts.

We are a SAFETY driven company and that focus extended to those around us. Our concern is the children. We believe this is the wrong neighborhood for children due to the countless number of large trucks and hazardous material used in the manufacturing process. If we can keep this from happening somewhere else, we'll all be that much better off.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Henkhaus", written over a white background.
