At 6:30 at 2414 N 46 St

Approximately the end of June during a thunder and windstorm, tree branches from a large tree scheduled to be cut down was blown on my vehicle damaging the hood, fender and the mirrors. The next day an adjuster from the city came out and took several photos. Also damaged was the windshield. I have since had the windshield repaired, and was told to get 2 estimates and make a claim for the body work. I was able to replace the hood and fender in which all are different colors that need to be painted.
