Subject: Proposed New Construction on Terrace Ave

12/4/14

Mr. Jakubovich,

My wife, Kris and I own the home at 2121 N. Terrace Avenue. Our home is located next door to the proposed new home for Sarah and Robert Schmidt.

We have met with Sarah and Robert and have reviewed their plans. We are fully supportive of them moving forward with their project as designed. The main concern that I had expressed to them, was regarding storm water management and I believe that this concern is being addressed.

Both Kris and I will be out of town and unable to attend the meeting next week. We wanted you to be aware of our views and support for this project.

Thank you for your time.

Jim Rappé
