Ref: 04013

Common Council File No. 041094 is a resolution authorizing the city to accept a Stormwater Best Management Practices Construction Criteria Project Grant from the Milwaukee Metropolitan Sewerage District (MMSD) via an Intergovernmental Cooperation Agreement. The purpose of the grant is to determine the amount of infiltration and inflow (I&I) into the city's sewers in order to better inform future construction projects. The city will install flow monitoring equipment into the specified sewers and collect data on I&I. The grant totals \$79,160 including a \$39,580 city share and \$39,580 grantor share. The city share will be paid from the Sewer Maintenance Fund's 2005 operating account which was adequately funded for this purpose.

**RECOMMENDATION: APPROVE COMMON COUNCIL FILE 041094.**
