

Police Department

September 25, 2007

The Honorable Common Council City of Milwaukee 200 East Wells Street Milwaukee, WI 53202

Dear Council Members:

In accordance with Common Council Ordinance 320-27.3(d), the Milwaukee Police Department Safety Division submits the following 2006 Traffic Reports.

- 1. A report on motor vehicle traffic accident trends. This report shall include, but not be limited to, comprehensive accident data, a narrative interpreting the data and a listing of the locations of all traffic fatalities. (Attachment #1-A, #1-B, 2-B, and 3-B.
- 2. A report containing data, including tables, charts or maps, highlighting locations with high accident frequencies in the previous calendar year. (Attachments #1-C, 2-C and 1-D)
- 3. A report summarizing the status of the matters the safety commission has the responsibility to review. The reports shall include, but not be limited to, recommendations on appropriate actions necessary or advisable to be taken by the various Departments, Boards, Commissions or Agencies or by the Mayor and Common Council to reduce the rates of accident occurrences, and comparisons and analysis of citywide public safety actions over time to determine the extent of progress being made to reduce and eliminate the public safety matters. (Attachment # 1-E and associated Program Materials)

There was an increase of 650 in the 2006 Reportable Crashes (12,465) compared to (11,815) during 2005. The data further indicates an increase of 105 in the number of related injuries occurring from 2005 (4,176) to 2006 (4,281). An analysis of the 2006 Fatal Traffic Accident Summary (1-B) compared to 2005 shows an increase in the number of Fatal Traffic Crashes in the following Aldermanic Districts; #1, #2, #3, #5, and #13, The most significant decrease of Traffic Fatalities occurred in Alderman Witkowiak's Aldermanic District #12.

A breakdown of driver causes showed no significant increase or decrease in percentage, other than Motorcycle crashes which were down by 41, (194 vs153) and Pedestrians injured or killed increased by 50 from 2005, (469vs 520) which is lower than the ten year average of 602. The use of alcohol continues to impact on the number of fatal crashes. During 2006, there were

fourteen related fatal crashes of which thirteen of those fatal crashes were over the .08 alcohol level.

Enclosed in this cover are the 2006 Safety Division Accomplishments and related Program Materials.

Please contact Safety Director Florence Dukes at 935-7991 for inquiries contained in the enclosed packet of information.

Sincerely,

NANNETTE H. HEGERTY CHIEF OF POLICE

ΛΛ . . .

FLORENCE H. DUKES SAFETY DIRECTOR

Enclosure:

Nation

Lowest fatality rate ever on roads in '06

Motorcycle deaths up for 9th year

By Larry Copeland USA TODAY

The nation last year saw the largest drop in traffic deaths in more than a decade, which led to the lowest highway fatality rate ever recorded, Transportation Secretary Mary Peters said Monday.

Last year, 42,642 people died in traffic crashes, down 868 deaths from 2005. That 2% drop led to a historic low fatality rate of 1.42 per 100 million vehicle miles traveled, Peters said.

"Tough safety requirements and new technologies are helping make our vehicles safer and our roads less deadly," she said. "But we all must do more when so many are killed or seriously hurt on our roads every day."

Fatalities of occupants of passenger vehicles — cars, SUVs, vans and pickups — fell to 30,521, the lowest annual total since 1993. Injuries were also down, with passenger car injuries falling 6.2% and large truck injuries 15%, Peters said.

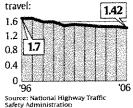

The National Highway Traffic Safety Administration (NHTSA) collects crash statistics annually from the states, the District of Columbia and Puerto Rico.

USA TODAY reported in January, based on its independent state-by-state analysis, that traffic deaths dropped substantially last year in 16 states.

In many cases, those de-

Traffic deaths down

A new federal study shows fewer people are dying in traffic crashes. Fatalities for every 100 million vehicle miles of travel:

By Adrienne Lewis, USA TODAY

creases reflected stepped-up enforcement, education campaigns and new laws. For example, three states — Alaska, Kentucky and Mississippi — enacted seat belt laws, bringing the number of states requiring seat belts to 25. Alaska had one more death in 2006 than in 2005, while traffic deaths declined in Kentucky and Mississippi, where officials credited the drops to the new law.

A troubling finding in the new NHTSA report: Motorcycle deaths rose for the ninth straight year, by 5.1% to 4,810.

"This year for the first time ever, more people died in motorcycle crashes than the number of pedestrians killed," said Jonathan Adkins, spokesman for the Governors Highway Safety Association, which advises states on traffic safety. "We want to see states adopt a comprehensive strategy to reduce these deaths."

Only 20 states and the District of Columbia have laws requiring helmets for all motorcy-

cle riders. Louisiana is the only state to adopt such a law in the past 10 years. The trend has been in the opposite direction, with some states repealing their helmet laws, Adkins said.

Alcohol-related fatalities increased slightly last year. There were 15,121 fatalities involving a driver or motorcycle operator, pedestrian or cyclist with a blood-alcohol concentration of 0.08 or above, compared with 15,102 in 2005. Enforcement of impaired-driving laws will remain a priority for the Transportation Department, said NHTSA Administrator Nicole Nason.

"There is a personal story behind these statistics, and for every alcohol-related fatality, the family left behind is shattered forever," Nason said.

Milwaukee drivers among safest in nation

Milwaukee drivers are some of the safest drivers in the nation, according to an Allstate Insurance internal review of 197 U.S. cities released June 14.

Milwaukee drivers ranked safest among cities with populations of 500,000 to 1 million and ninth safest nationwide, according to the study. Drivers in the Brew City were 21 percent less likely to be involved in an accident compared to the company's national average, which was compiled from internal property damage reports from January 2004 to December 2005.

*RECENT CHANGES IN CRASH REPORTING THRESHOLD

December 20, 1979 - Property damage threshold increased from \$200 to \$400 combined damage. \$200 threshold for government owned property.

July 31, 1981 - Property damage threshold \$500 to "any one person's property." \$200 threshold for government owned property.

April 19, 1988 - Property damage threshold \$500 to "any one person's property." Government owned property changed to \$500 for government owned vehicles, and \$200 for all government owned property.

January 1, 1996 - Property damage changed to \$1,000 to "any one person's property." Government-owned property changed to \$1,000 for government-owned vehicles, and remained at \$200 for all other government-owned property.

September 20, 2007

Attached is a report of all the intersections in the City of Milwaukee which had 15 or more traffic crashes during 2006. The tabulation shows 52 intersections having 15 or more crashes.

A tabulation of the number of high crash frequency locations, number of crashes and injuries, is as follows:

	Having 15		
<u>Year</u>	or more Crashes	Number of Crashes	Number of Injuries
1994	68	1,369	782
1995	92	1,779	1,020
1996	55	1,050	636
1997	48	906	631
1998	48	929	548
1999	49	940	644
2000	50	1,011	633
2001	44	876	523
2002	57	1,179	694
2003	45	966	555
2004	50	1,001	486
2005	45	904	494
2006	52	1,026	541

1-E

2006 SAFETY DIVISION ACCOMPLISHMENTS

SCHOOL CROSSING GUARD PROGRAM: The Safety Division successfully accomplished the following:

Maintained a well diverse and trained staff of two hundred and sixteen School Crossing Guards to provide safe coverage for area Elementary School Children to and from school on a daily basis.

Conducted fifty-six Traffic Studies citywide for the placement of additional School Crossing Guards at designated corners. (Attachment #1)

Coordinated the "Annual School Crossing Guard Recognition Program on January 12, 2006 at the Safety Training Academy.

Produced and mailed the School Crossing Guard Post Newsletter monthly.

Conducted the Annual School Crossing Guard Training School Program for sixty-workshop participants. (Attachment #2, Workshop Schedule and Evaluations).

EDUCATIONAL INITIATIVES:

Conducted In-Service Training Programs in the areas of Pedestrian, Water and Bicycle Safety to two hundred and twenty-three Elementary Schools Teachers and three hundred and eighty-three Pre-Schools and Day Care Instructors, (including the development and distribution of a Classroom Curriculum, and brochures) Training was held April 25-26, 2006 at the Safety Training Academy.

Collaborated with the Water Safety Task Force and the Boys and Girls Club of Greater Milwaukee to offer free swim lessons to children.

Provided the Water Safety Teaching Curriculum and brochures to the Boys and Girls Club of Greater Milwaukee to be utilized at all of their sites to teach Water Safety during the past Summer.

Implemented the Second Annual Water Safety Shoppers Program at three (3) area grocery stores; El Rey, Jewel Osco and Lena's Food Market.

In cooperation with the Community Services Division collaborated on outreach programs to address, broaden the awareness and to educate students and the community of the dangers of firearms (distribution of "Kids and Weapons" and "IT'S TIME TO STOP THE VIOLENCE" Let's Start with Weapons" brochures).

On an ongoing basis provided Car Seat Installations and Presentations on Seat Belt Safety including the distribution of the new Booster Seat Law Pamphlet.

Coordinated the "Annual International Walk Our Children To School Day" on October 4, 2006 at Guadalupe Elementary School. There were one hundred and fifty participants including elected officials.

Conducted Training Programs to participating schools with a School Cadet Program.

Coordinated Recognition Luncheons for selected schools with outstanding School Cadet Programs:

Exchange Club Recipients: Grantosa Elementary, St. Sebastian and Cooper Elementary St. Joseph Foundation Recipients: St. Roman, Fairview and Curtin Elementary Schools North Milwaukee Lions' Club Recipients: Parkview and Mt. Calvary Lutheran Schools Wisconsin Service League Recipients: Phillips Elementary School

Maintenance and upkeep of an adequate inventory of uniforms, rule books for the administration of a School Cadet Program.

TRAFFIC SAFETY:

Successfully facilitated the transfer of the administration of all Court Mandated Referrals from the Municipal Court to the Safety Division for the Defensive Driving Class. This included Administrative Procedures and appropriate forms for the tracking of referrals for the Municipal Court to verify compliance and participation.

In cooperation with the City Clerk's Office-Licensing Division and City Attorney's Office, revised the Public Passenger Vehicle Test and the Defensive Driving Course.

In cooperation with DPW-Infrastructure Services Division assisted with the implementation of the Street Share Program. (Program aimed to educate citizens regarding the rules of the road, safety and quality of life issues.)

On a continuous basis disseminated "Slow Down" signs to elected officials, city residents and community organizations. Set up the Speed Display Board in designated areas of the City of Milwaukee upon request.

Conducted forty-three Defensive Driving Courses and Public Passenger Vehicle Test. There were nine hundred and six participants enrolled in the DDC and PPV Classes.

Provided coordination and administration of the Line of Sight Ordinance: Conducted twenty-eight on sight inspections to homeowners and followed with written communication regarding corrective action needed to comply with Ordinance.

CITYWIDE CENTRAL SAFETY COMMITTEE:

Staff represents the MPD on this committee and serves as Co-Chair of the Training Committee

In an effort to reduce the number of work related injuries within the Department, staff analyzed all work related injury statistics Quarterly and developed Safety Tips to address and reduce injuries within the work place. These Safety Tips were prominently posted in all work locations (STRESS WARNING SIGNS and SLIPS, TRIPS and FALLS).

MEDIA/PUBLIC RELATIONS:

On a continuous basis provided news releases to the Public Information Officer on traffic statistics, special holiday safety tips, Water and Pedestrian Safety, for distribution to the media.

On air appearances at 1290AM and 860AM Radio Stations and Channel 25 "Insight Program". Public Service Announcements on Safety Tips were aired on Channel 25 and Wisconsin On Demand Television Stations.

In cooperation with the University of Wisconsin-Milwaukee's Asian Studies Program and the Community Services Division provided written materials in Hmong and Spanish to area local publications.

OUTREACH EFFORTS:

Implemented a collaborative initiative with the Community Services Division to implement a "Speed Watch" Program to address the issues on speeding on Appleton Ave., Lisbon Ave and Burleigh Street.

In cooperation with the DPW-Infrastructure Services Division- Traffic Engineering employed various traffic initiatives to address speeding within the community.

Provided ongoing support to various organizations seeking ways to reduce speeding in area residents.

What future topics would you like to see covered during Training?

- (1) Educate parents to obey you by crossing in the crosswalk so kids are not jay walking and obeying how others are crossing
- (1) Everything was covered
- ❖ (1) The program seemed well prepared. All necessary aspects considered
- (1) Show chain of command w/visual aids. More emphasis placed on how crossing guards can improve community relations
- ❖ (1) Traffic laws and crossing problems
- (1) Accidents and road rage
- ❖ (1) People stop at SCG signal instead of almost hitting the guards
- ❖ (1) How to protect yourself from physical and verbal abuse from the children we cross
- ❖ (1) more cultural competency
- ❖ (1) more info on problems at crossings
- ❖ (1) more topics on call boxes

Comments:

❖ (1) Sgt Reaves is a pleasure to have speaking – informative, sincere, and enjoyable

Report compiled by Safety Specialist Senior Delores Thomas, Districts Three and Five Supervisor.
