Subject: Administrative correction for Positions Ordinance

The Finance committee approved File #070984 at the meeting on January 10, 2008 which included a Job Evaluation Report for the Department of Administration - Information and Technology Management Division classifying a new position of Internet Analyst - Senior. The report inadvertently in the Positions Ordinance amendment did not delete the old title. Please amend the Positions Ordinance in the report to read as follows:

Under Department of Administration-Information and Technology Management Division, Citywide Information Systems, delete one position of "Internet Analyst Technician" and add one position of "Internet Analyst-Senior."
