

2 February 2008

On January 8th, 2008 at approximately 6:30 AM, I turned on the on-ramp of Highway 894 West from Loomis Avenue. Upon turning on the ramp, I hit a pot hole at the top of the on-ramp which blew the sidewall on my relatively new front right tire (all four tires were replaced on August 8th, 2007—see attached document for proof). The damage sustained to the tire was irreparable, deeming it necessary to replace the tire. Approximately 10 minutes later, another woman pulled up behind me at the bottom of the on-ramp with the same circumstances. Shortly after, a Milwaukee County Sheriff Department officer came and said he would report the pot hole and have it fixed that day. When I called later that day, however, the pot hole had not yet been reported. This tire was replaced at Berger's Car Care Service, Inc. in Milwaukee.

On January 26th, 2008 at approximately 9:45 AM while using the Renee Street turnaround to get from Renee Street to North 17th Street (near the Marquette University campus), I hit another pot hole which also caused another relatively new tire to burst (the front left tire). This tire was also irreparable, so it needed to be replaced in order for me to return to my permanent address. This tire was replaced by F & F Tire World in Greendale.

Because of these two pot holes bursting the side walls on my tires, it was necessary to have my car realigned so parts did not wear abnormally and require premature replacement. The realignment was performed at my hometown mechanic, Tom's Auto Body, in Wrightstown, WI.

For the reasons listed above, I am asking that the City of Milwaukee pay the bills for the two replacement tires (replaced January 8th and January 26th) and the realignment (performed February 1st), totaling \$292.27.
