To the Public Works Committee

Subject: Common Council Resolution File Number 141895

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 141895, being a resolution to grant a special privilege to Amanda Lowney to construct and maintain one wood platform with steps, one set of wood steps and one set of concrete steps, in the public right-of-way for the premises 633-35 East Locust Avenue.

The applicant is requesting permission to construct and maintain said aforementioned items in order to allow ingress and egress into her property. The wood platform with steps is located in the west, 16-foot wide sidewalk area of North Pierce Street. The set of concrete steps is located in the south, 12-foot wide sidewalk area of East Locust Street. Finally, the set of wood steps is located at the intersection of North Pierce Street and East Locust Street and projects into both public ways. All of said items are located behind the main paved public sidewalk and do not interfere with through pedestrian traffic.

We are not aware that the presence of said items will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow said items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
