

Corina Estremera-Maldonado

OBJECTIVE

I wish to offer my ideas and suggestions concerning our neighborhood and community by being a part of the City of Milwaukee Youth Council.

EDUCATION

St. Anthony High School - freshman
Victory Christian Academy (1 year)
Manitoba Elementary School (4 years)
Bruce Guadalupe Community School (4 years)

EXPERIENCE

Public speaking - I delivered a presentation as a representative of Hispanics for School Choice at the Wisconsin State Capitol in Madison. My position is that more money for School Choice schools and programs improves the quality of education and opportunities for our youth to succeed by providing them with a well-rounded education and increased graduation rates.

ACHIEVEMENTS

Fruit of the Spirit Award - Victory Christian Academy

NEIGHBORHOOD AND COMMUNITY ISSUES I WOULD LIKE TO ADDRESS

Gang violence, curfew, prostitution, public intoxication, teen concerns, racial profiling, domestic violence, breaking and entering, DUI, homelessness, youth being exposed to crime at a young age (criminal culture), underage drinking, gun control, speeding.

These are areas in my local community that need to be addressed. I believe that I can contribute to help solving some of these issues, and build a better future for our community and city.

Letters of recommendation available upon request.
