**C. LOW AND MODERATE INCOME HOUSING REQUIREMENTS**

In connection with this contract, THE CONTRACTOR will utilize HOME funds to provide subsidy for housing development for low and moderate income families. As a condition of the use of HOME funds the Project agrees to comply with all relevant HOME regulations as found in 24 CFR Part 92 and in the Handbook for Housing Producers(to be provided by CDGA). The following conditions apply to all HOME funds expended or accepted after May 27, 1992. These conditions are binding during the applicable period of affordability for all HOME assisted properties. Evidence of agreement to these conditions, signed by the CONTRACTOR/Owner, shall be recorded at Register of Deeds of Milwaukee County and kept on file for all HOME assisted properties. The CONTRACTOR acknowledges that it has received, and agrees that it shall comply with all applicable requirements set forth in, the CITY's Housing Production Guide for low and moderate income housing requirements.

1. Period of Affordability. The HOME rule at §92.254(a)(4) establishes the period of affordability for all homebuyer housing. How to calculate the amount of HOME assistance in each unit and therefore the applicable period of affordability varies depending on whether the unit is under resale or recapture provisions.

**a. Period of Affordability Under Resale Provisions**

Under resale, §92.254(a)(5)(i) of the HOME rule states that the period of affordability is based on the *total* amount of HOME funds invested in the housing. Any HOME program income used to assist the project is included when determining the period of affordability under a resale provision.

**b. Period of Affordability Under Recapture Provisions**

For HOME-assisted homebuyer units under the recapture option, the period of affordability is based upon the *direct HOME subsidy* provided to the homebuyer that enabled the homebuyer to purchase the unit. Any HOME program income used to provide direct assistance to the homebuyer is included when determining the period of affordability. The following table outlines the required minimum affordability periods.

**The total HOME investment (resale) or direct subsidy (recapture) in the unit determines the period of affordability as follows:**

Under \$15,000: 5 years  
 Between \$15,000 and \$40,000: 10 years  
 Over \$40,000: 15 years  
 New construction rental: 20 years

**D. RESALE PROVISIONS**

The *HOME resale requirements* are established in the HOME rule at §92.254(a)(5)(i). Under HOME resale provisions, the PJ is required to ensure that, when a HOME-assisted homebuyer sells his or her property, either voluntarily or involuntarily, during the affordability period,

- 1) The property is sold to another low-income homebuyer who will use the property as his or her principal residence;
- 2) The original homebuyer receives a fair return on investment, (i.e., the homebuyer's downpayment plus capital improvements made to the house); and
- 3) The property is sold at a price that is "affordable to a reasonable range of low-income buyers."

*If the CITY only provides HOME assistance to develop the unit and HOME funds are not used to lower the purchase price from fair market value to an affordable price, resale provisions must be used.*

### **Ensuring Long term Affordability**

The HOME rule at §92.254(a)(3) requires that all HOME-assisted homebuyer housing be acquired by an eligible low-income family, and the housing must be the principal residence of the family throughout the period of affordability. If the housing is transferred, voluntarily or otherwise, during the period of affordability, it must be made available for subsequent purchase *only* to a buyer whose family qualifies as low-income, and will use the property as its principal residence. The HOME resale provisions must enforce these requirements as any housing assisted with HOME funds must remain affordable for the duration of the period of affordability.

### **Fair Return on Investment**

The City's resale requirements must ensure that, if the property is sold during the period of affordability, the price at resale provides the original HOME-assisted homebuyer a fair return on investment (including the original homebuyer's initial investment and certain capital improvement).

### **Presumption of Affordability**

In certain neighborhoods, housing can be presumed to provide a fair return to an original homebuyer upon sale, to be available and affordable to a reasonable range of low-income homebuyers, and to serve as the primary residence of a low-income family during the period of affordability. In such cases, the City will not impose resale restrictions because the characteristics of the neighborhood make it probable that these requirements will be met without the imposition of the restrictions. Instead, §92.254(a)(5)(i)(B) of the HOME rule states that the City may identify certain neighborhoods with housing and income conditions that will:

- 1) Provide ongoing affordable home prices,
- 2) Ensure that the sales price of a home will provide a fair return to the original homebuyer, and
- 3) Provide a pool of income-eligible homebuyers from the residents of the neighborhood.

## **E. RECAPTURE PROVISIONS**

The HOME recapture provisions are established at §92.253(a)(5)(ii), and unlike the resale provisions, the original homebuyer can sell the property to any willing buyer during the period of affordability while the City is able to recapture all or a portion of the HOME-assistance provided to the original homebuyer.

*Recapture provisions cannot be used when a project receives only a development subsidy and is sold at fair market value, because there is no direct HOME subsidy to recapture from the homebuyer. Instead, resale provisions must be used.*

### **Recapture Method**

The City will utilize a shared net proceeds, in combination with the pro rata reduction over time method to calculate the recapture amount. The amount recaptured by the City cannot exceed what is available from net proceeds.

### **Shared Appreciation**

The buyer of housing developed/assisted with HOME funds must agree to repay to the City any appreciation realized on the sale of the property prior to the expiration of the period of affordability. This obligation will be enforced through written agreements between the homebuyer and the City in forms approved by CDGA. (These may include loan agreements, promissory notes, and/or mortgages and restrictive covenants)

## **2. Occupancy Controls – Rental Units**

- A. If the Property contains rental units. Each unit must have occupants that when combined, have a household income below the 80% CMI limit. Not less than 90% of the assisted units at initial lease up during the affordability period may have households earning more than 60% CMI and at least 20% of the assisted units must be leased to households earning no more than 50% CMI. See [www.HUDuser.org](http://www.HUDuser.org) for current household income limits.
- B. Initial Annual Income Re-Certification - The CONTRACTOR agrees to conduct initial annual income re-certifications upon the request of CDGA, or at the option of CDGA, to grant CDGA access to its records and the units to conduct such reviews. The CONTRACTOR will provide documentation, subject to CDGA approval, that incomes of tenants have been checked and meet program income eligibility requirements. This documentation shall be received by CDGA upon initial occupancy of the tenant(s) no later than thirty days after occupancy and should include all units occupied. This provision shall not apply to the City's Department of City Development which is required to conduct its own income certifications and submit the information to CDGA on or before September 30, 2015. These rent reviews will certify that the rents charged are within the allowable HOME program limits of the U. S. Department of Housing and Urban Development. The certification documentation shall be submitted by DNS along with the Annual Income Re-certification and is due to CDGA at the end of the program year. This provision shall not apply to the City's Department of City Development which is required to conduct its own income re-certifications and submit the information to CDGA.
- D. Reporting of Tenant Information: The CONTRACTOR when conveying housing developed/assisted with HOME funds agrees that the deed shall contain a recorded restriction in a form approved by CDGA. The recorded restriction shall require the buyer to annually report not later than October 15 of each successive year the name, address, level of income, family size, unit size, and the rent charged for each unit(s) claimed. This information shall be reported by the CONTRACTOR to the Community Development Grants

Administration no later than November 1, of the same year. All purchasers of housing developed/assisted with HOME funds must agree to the recording of an lien or encumbrance on the property, (in a forms approved by CDGA, which may include loan agreements, promissory notes, and/or mortgages and restrictive covenants) which will require repayment of HOME funds if the property is sold or transferred before the expiration of the Period of Affordability.

E. Equal Opportunity and Fair Housing- The CONTRACTOR agrees to not discriminate against or deny participation of any person(s) in any HOME assisted activity as provided in 24 CFR part 92 of the HOME Regulations.

F. Inspections - HOME assisted projects with rental units will be inspected by the City of Milwaukee-Department of Neighborhood Services (DNS), for compliance with City of Milwaukee building codes according to the following schedule:
