To the Public Works Committee

Subject: Common Council Resolution File Number 080117

Dear Honorable Members:

Returned herewith is the Common Council Resolution File Number 080117, being an amendment to a special privilege to P&H Mining Equipment, Inc. for addition of underground communications cablings encroaching into the public right-of-way for the premises at 4107 West Orchard Street.

P&H Mining Equipment, Inc. had requested permission to keep and maintain underground conduit; overhead cables for communication purposes; and a turnstile on a concrete platform. Permission for said items was granted in 2007 under Common Council Resolution File Number 070251. The current request is to construct and maintain additional underground communications cabling crossing West Orchard Street.

We are not aware that the presence of said items has had or will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow said items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works

Martin G. Collins, Commissioner
Department of Neighborhood Services
