Re: Disposition of Charter School Equipment and Supplies upon Closure

Dear Ms. Holiday:

This letter is in response to your letter to King's Academy dated March 10, 2016.

Our response to each section of the letter is outlined below.

Why is the Charter School Closing?

King's Academy is exiting the Charter School Program to become a participant in the Milwaukee Parental Choice Program. King's Academy will continue to operate as a school serving children from the city of Milwaukee in an area under-served by quality school options.

Equipment

King's Academy does not have any equipment with a current per-unit fair market value in excess of \$5,000. As a result, as stated in your letter, King's Academy has no further obligation to DPI related to equipment owned by King's Academy.

Supplies

King's Academy does not have any unused supplies that has a total aggregate fair market value greater than \$5,000. Consequently, as stipulated in your letter, King's Academy is not required to report its supply inventory to DPI and has no further obligation to DPI regarding its unused supplies.

Pupil Records

King's Academy will maintain all pupil records for students that re-enroll into King's Academy under the Milwaukee Parental Choice Program. Consistent with its current practice, King's Academy will forward the pupil record of any student which has withdrawn to the student's new school upon the receipt of a formal request.

Other Reporting Requirements

King's Academy will comply with all other reporting requirements for the 2015-16 school year, including but not limited to, the submission of the school's Audited Financial Statements, the School Performance Report Data, the ISES Data, and all other forms and reports required for this academic school year as may be forwarded to us by the customer services team.

In closing, the above responses should provide an adequate reply to each of the areas outlined in your letter. Feel free to contact Jennie Dorsey, Principal, at 414-371-9100, if you have any questions.

Sincerely,
