

Honored Members of the City of Milwaukee Judiciary and Legislative Committee,

As a Brewers Hill home owner, it was with a good deal of joy and gratitude that I witnessed the city-sponsored improvements on the beautiful and historic property at 1851 N. 2nd Street, which were necessitated due to years of home owner neglect. I understand that the previous owner (Tim Brophy) is making efforts to convince this committee to turn the improved property back over to him (and/or his associates). This home owner has already proven himself incapable of adequately maintaining the property; I strongly urge this committee to refuse his request.

Thank you,
Elaine Schweitzer
