ON THE COVER:

Henry King followed in his father's footsteps and became a drywall finisher about 12 years ago. After struggling through a six-month hiatus in employment in 2015, he's now employed by Thorne & Associates and working as a journeyman drywall finisher on The Tower and Commons. His job includes drywall taping and applying coats of compound mud to ensure seamless and flush walls in the building.

Henry's hiatus ended in 2015 when he became certified through the city's Residents Preference Program, which helped him get on the Northwestern Mutual project. He's grateful for the stability the trade and his work on this project have brought him and his family.

"I'll be on this project for at least another year, and I'm very excited knowing that it will guarantee me work for a good length of time," he said. "There's a lot going on in Milwaukee, and I'm looking forward to being on many projects after this. The money is really good. I'm even in the process of buying a new home."

SECTION 1 EXECUTIVE SUMMARY

Our decision to build a signature development downtown makes a huge statement about metro Milwaukee's attractiveness as a place to live and work and its ability to draw top talent and new businesses to the area. We are proud to call Milwaukee's lakefront our home.

Northwestern Mutual Tower and Commons Executive Summary

Small Business Enterprises in Milwaukee have been awarded \$119.7 million in contracts and commitments, or 31.6 percent of the total value of applicable construction and professional services contracts to date.

Milwaukee residents eligible under the Residents Preference Program (RPP) have performed 45 percent of the construction hours on the project to date.

Northwestern Mutual is committed to Milwaukee's success.

Whether it's our promise to keep or add good-paying jobs at our downtown headquarters; the millions of dollars in philanthropic donations we make in the area; our partnerships in the Amani, Metcalfe Park and Muskego Way neighborhoods; or working hard to make sure local small businesses get the chance to help build our new Tower and Commons, it's all our way of saying, "We Believe in Milwaukee!"

We promised by the end of our building project in 2017 that 25.0 percent of the total value of applicable contracts awarded to build our Tower and Commons would go to Milwaukee Small Business Enterprises (SBEs). We promised that at least 40.0 percent of the labor hours on the project would be worked by Milwaukee residents eligible under the Residents Preference Program (RPP).

Recognizing that each quarter along the way we may be somewhat above or below the ultimate goal, we are pleased to report that we are ahead of these goals as of June 30, 2016.

Northwestern Mutual Tower and Commons Construction

Start of Project through June 30, 2016

PROJECT HIGHLIGHTS

- \$378.6 million in applicable contracts awarded.
- \$119.7 million in contracts and commitments (31.6 percent of total) awarded to City of Milwaukee Small Business Enterprises (SBEs), exceeding 25.0 percent goal.
- Residents Preference Program (RPP) participation is ahead of goal. Milwaukee residents eligible under RPP have worked 45.0 percent of construction hours.
- 636 City of Milwaukee residents hired through RPP.
- 176 apprentices working on the project.
- Outreach to more than 100
 community-based organizations to
 help ensure project participation
 from diverse segments of the
 Milwaukee community.
- More than 600 individuals connected to career pathways training and preparation programs through our partnership with Wisconsin Regional Training Partnership (WRTP)/BIG STEP.
- More than 80 of the workers hired through RPP received job training in WRTP/BIG STEP's targeted workforce training program.

Northwestern Mutual Tower and Commons Construction

Start of Project through June 30, 2016

Percentage of Applicable Contract Dollar Value Awarded to SBEs

Percentage of Construction Hours Worked by RPP Participants

PROJECT STATUS

AS OF JUNE 30, 2016

- Concrete core in The Tower is finished.
- Steelwork will soon be complete.
- Glass curtain wall has been installed to floor 16.
- Phase Two of Van Buren skywalk is completed.
- Landscaping begins with curb and sidewalk work.

LOOKING AHEAD

- Tower steel tops out; curtain wall nears completion.
- Mason Street skywalk construction begins.
- Van Buren skywalk enclosed in glass.
- Concrete planters built in The Gardens.
- The Atrium completely encased in glass.
- Tower crane next to The Commons removed.
- Green roof planted.

Northwestern Mutual Tower and Commons Construction

Participation Performance Report

This Northwestern Mutual Tower and Commons Participation Performance Report details Northwestern Mutual's progress toward meeting the goals of the Human Resources Agreement it has with the City of Milwaukee. In constructing the 1.1 million-square-foot expansion of its downtown Milwaukee office complex, Northwestern Mutual has agreed to:

- Use certified Small Business Enterprises (SBEs) and/or businesses certified under equivalent programs for 25.0 percent of applicable construction costs.
- Use underemployed City of Milwaukee residents via the Residents Preference Program (RPP) for 40.0 percent of the construction hours worked.
- Ensure payment of prevailing wages where applicable.

Northwestern Mutual has engaged a building design, construction and consulting team that understands the critical importance we have placed on meeting these SBE and RPP goals.

SECTION 2 OUR STORY

Northwestern Mutual has called Milwaukee home since 1859. Today, more than 4.4 million people rely on Northwestern Mutual for insurance and investment solutions.

Whether it's hosting a booth at the Milwaukee Sports Show to teach kids the importance of owls in our environment (left), volunteering as a driver for the Red Cross Motor Service (center), or working the information booth at the Milwaukee County War Memorial Center (right), volunteering has long been a valued aspect of working at Northwestern Mutual.

We've grown up with Milwaukee as our hometown for nearly 160 years.

We are stewards of our communities by bringing together groups of people and organizations and leveraging the power of our employees, field and financial resources to improve the lives of children and families.

- A. In May, our Northwestern Mutual Foundation helped students at Clarke Street School surprise their teachers during Teacher Appreciation Week as a thank you for their hard work and dedication. The surprise included a \$100 donation for each teacher's classroom. The school invited the teachers to an "assembly," and when they arrived, they were met by a roomful of cheering students, music and a large Thank-You banner. A total donation of \$10,000 was awarded to the school to help offset the outof-pocket expenses many teachers pay for supplies to help their students learn at a time of limited budgets.
- B. To support the community-led initiatives in our hometown, our Northwestern Mutual Foundation in June awarded nearly \$1 million in grants to nonprofits through our company's neighborhood grants program. The grants benefit the 70,000 residents of Amani, Metcalfe Park and Muskego Way neighborhoods. Northwestern Mutual has been investing in these neighborhoods since 2013 by providing funding to nonprofits focused on the following four outcomes: safe neighborhoods; healthy and thriving youth; strong families and quality education.

SMALL BUSINESS ENTERPRISE RESULTS

We believe in promoting a healthy business environment. Strong businesses, especially small- and medium-sized companies, are the backbone of the city's economy. They contribute to the vitality of the city.

Tower and Commons Small Business Enterprise (SBE) Participation

Northwestern Mutual and the City of Milwaukee share an interest in promoting a healthy local business environment. Strong businesses, especially small- and medium-sized companies, are the backbone of the city's economy. They create jobs, pay taxes, and contribute to the vitality of the city.

That's why we set a goal for our downtown development to not only have an impact on our business, but to help raise the tide for many businesses in the city. Small Business Enterprises are companies with annual revenues below a stated floor and typically owned by one or more individuals who are at an educational, social, economic or other disadvantage. SBEs, including many businesses owned by minorities, women and military veterans involved in building design and construction, are an integral part of creating our Tower and Commons.

TABLE 1: SBE PARTICIPATION LEVEL

Start of Project through June 30, 2016

TOTAL VALUE OF APPLICABLE CONTRACTS AWARDED			\$378,595,545
	GOAL	ACTUAL	STATUS
SBE Participation Percentage	25.0%	31.6%	+6.6
Value of SBE Contracts Awarded	\$94,648,886	\$119,714,367	+\$25,065,481

CONTRACT PAYMENTS MADE

SBEs have received 26.4 percent or \$63,722,613 of applicable project contract payments made through June 30, 2016. Payments on contracts awarded will continue to be made throughout the project as work is completed.

Numerical data presented in separate tables may differ slightly due to rounding.

SMALL BUSINESS ENTERPRISES

Constructing a high-rise office building requires a wide variety of construction-related services. We're proud to involve a large number of companies in building our Tower and Commons. Table 2 shows details of all Small Business Enterprises involved from the start of the project to date. For ease of reference, we have also broken out the SBE professional services providers (see Table 3, page 18) from the SBE construction providers (see Table 4, page 20).

GREENFIRE MANAGEMENT SERVICES

Kip Ritchie is president of Greenfire Management Services, a Native American-owned construction management and owner representation firm founded in 2010. The company is working with Northwestern Mutual contractors on The Tower and Commons to help ensure the RPP and SBE participation rates are met.

Greenfire is one of several companies developed by Potawatomi Business Development Corp., which supports and represents the Forest County Potawatomi tribe, best known locally for its casinos. The company represents the tribe's efforts to diversify and help build the Milwaukee community. "Greenfire was created by the tribe to build capacity, capabilities, infrastructure and business acumen for the tribe," Kip said. "Our original mission was to support the Forest County Potawatomi. Now we are looking to grow to better support the tribe and our outlying community for generations," he said.

Kip said his company's participation on The Tower and Commons has been both an opportunity and an inspiration. "We appreciate all that Northwestern Mutual does in and for our community," he said. "Their type of behavior is contagious; it makes us aspire to do the same thing."

TABLE 3: SBE PROFESSIONAL SERVICES PROVIDERS

Much of the focus and excitement of a major building project is on the many construction and trade groups who lift skyscrapers out of the ground. Before a shovelful of dirt is moved, however, architects, engineers and other professional service providers design and plan the structure. For ease of reference, we have separated just the SBE professional services providers listed in Table 2 and shown them here.

MILWAUKEE METAL PRODUCTS CO.

Milwaukee Metal Products is a fourth-generation family business led by Betty Jane (B.J.) Parrott, the great granddaughter of the company's founder. The company specializes in fabricating one-of-a-kind ferrous metal products and is providing metal "embeds" that help connect parts to The Tower and Commons.

Previously, the company did mostly metal piecework such as stainless steel parts for equipment and countertops. The Tower and Commons has helped them expand into construction, which is the type of work her grandfather was doing when the company started in 1908. He helped build the original Milwaukee City Hall and did sheet metal roofing and ducting for many other buildings in the city.

"It's really exciting to be part of this big project in Milwaukee," B.J. said. "I think everybody in the shop welded at least one embed so we all could say we had a hand in it. It's nice to see Northwestern Mutual and the city of Milwaukee trying

to get us (local companies) the work instead of sending it off to another state."

B.J. said she's made a lot of new contacts with contractors while working on The Tower and Commons and thinks her company will get more large construction work as a result.

TABLE 4: SBE CONSTRUCTION PROVIDERS

The visible creation of our Tower and Commons is in the capable hands of the construction contractors and subcontractors. They are responsible for preparing the construction site and erecting the building that will change the shape of our Milwaukee skyline. For ease of reference, we have separated just the SBE construction providers listed in Table 2 and shown them here.

SECTION 4 RESIDENTS PREFERENCE PROGRAM

We are committed to improving the lives of families in Southeastern Wisconsin.

Residents Preference Program Participation

The City of Milwaukee Residents Preference Program connects unemployed or underemployed residents with good-paying jobs. Northwestern Mutual has committed to improving the lives of families in southeastern Wisconsin through its employee volunteer efforts and Northwestern Mutual Foundation giving. Our participation in RPP is just another example of our leadership in strengthening our hometown community.

TABLE 5: RPP PARTICIPATION LEVEL

Start of Project through June 30, 2016

TOTAL CONSTRUCTION HOURS			1,035,918
	GOAL	ACTUAL	STATUS
RPP Participation Percentage	40.0%	45.0%	+5.0
RPP Construction Hours	414,367	465,682	+51,314
CONTRACT HOURS WO RPP construction hours worked represent 45.0% of all construction hours through June 30, 2016.	RKED RPP participation is 51,314 hours ahead of goal.	Non-RPP 55.0% 570,236	RPP 45.0% 465,682

TABLE 6: RPP PARTICIPATION - EXCLUDING NON-WISCONSIN RESIDENTS

Start of Project through June 30, 2016

TOTAL CONSTRUCTION HOURS WORKED	1,035,918
Less Hours Worked by Non-Wisconsin Residents	(84,374)
Construction Hours Worked by Wisconsin Residents Only	951,545
RPP Construction Hours	465,682
RPP Participation Percentage (excluding non-Wisconsin residents)	48.9%

If the number of non-Wisconsin resident hours is subtracted from the total number of hours worked, RPP participation increases to 48.9 percent. While we are reporting 45.0 percent participation for the first quarter of 2016, 48.9 percent aligns with the City's requirement.

Milwaukee Code of Ordinances (MCO) Section 355-7(1)(a) notes that for the purpose of calculating RPP participation "... 'worker hours'... excludes the number of hours of work performed by all non-Wisconsin residents."

Numerical data presented in separate tables may differ slightly due to rounding.

When **Benjamin Ripp** moved from his family's farm to the Milwaukee area four years ago, he had just gotten out of the military and was looking for a way to take care of himself and his girlfriend, who was expecting a child. Disheartened by the lack of jobs that would help him sustain a family, Benjamin's life changed when he received a phone call from the Veterans in Piping (PIP) program.

PIP helps military veterans improve their employment chances by giving

them marketable skills. While in the program, Benjamin received training from the Wisconsin Regional Training Partnership/BIG STEP and several Southeastern Wisconsin construction trades union halls. Through the program, he became a sprinkler fitter.

Now in his second year as an apprentice with USA Fire Protection, he's working on both The Tower and Commons and the Milwaukee County Sheriff's substation project – and supporting his family of three.

*BECAUSE WORKERS MAY WORK IN MORE THAN ONE TRADE, THE TOTAL NUMBER LISTED HERE IS HIGHER THAN THE ACTUAL NUMBER. THE CONFIRMED NUMBER OF WORKERS EMPLOYED THROUGH THE RESIDENTS PREFERENCE PROGRAM IS <u>636</u>. DISTRIBUTION OF RPP-CERTIFIED WORKERS BY MILWAUKEE ALDERMANIC DISTRICT AS OF JUNE 30, 2016

*THE CONFIRMED NUMBER OF WORKERS EMPLOYED THROUGH THE RESIDENTS PREFERENCE PROGRAM IS <u>636</u>. WORKERS WHO MOVED DURING THE PROJECT MAY BE COUNTED IN MORE THAN ONE DISTRICT.

SECTION 5 APPRENTICESHIP PROGRAM

We are committed to helping Milwaukee residents get a jump-start in their careers.

Apprenticeship Participation

Northwestern Mutual includes apprenticeship requirements in its construction contracts. Apprenticeships combine classroom instruction with on-the-job learning while working on construction projects under the supervision of experienced journey workers. The availability of construction apprenticeships varies by trade, employer and market fluctuations. Contractors on The Tower and Commons project are asked to maximize the number of apprentices utilized in accordance with guidelines issued by the Wisconsin Department of Workforce Development. The table below includes only those trades considered apprenticeable in the state of Wisconsin.

TABLE 9: APPRENTICESHIP STATUS

TRADE	JOURNEYPERSONS	APPRENTICES	SUBJOURNEYPERSONS	UNION LOCAL NO.
Bricklayer	36	6	0	8
Carpenter and Soft Floor Layer	297	20	0	161
