

___ SIMPLE AMENDMENT

X SUBSTITUTE AMENDMENT

___ PROCEDURAL MOTION

MOTION BY ALD. BOHL

TO FILE NO. 160742 VERSION: 1

TITLE: A substitute ordinance mandating the replacement of lead water service lines and establishing a special assessment for lead water service lines on private property.

ITEM NO. 1 COMMITTEE: Unfinished Business

TEXT OF MOTION

I move for consideration of Proposed Substitute A in lieu of Substitute 1 of File 160742.

I further move for passage of the ordinance as substituted.

ANALYSIS OF AMENDMENT

File Number 160742, as recommended for passage by the Finance and Personnel Committee (i.e., Substitute 1), provides that, as an alternative to any other methods for obtaining compliance with the lead service line replacement requirements, if the commissioner of public works or the commissioner's designee determines that the owner's failure to comply with the replacement requirement will create an imminent threat to the health, safety or welfare of the public, the commissioner or the commissioner's designee may discontinue water service to the property upon notice to the owner and reasonable opportunity to comply with the requirements of this section.

Proposed Substitute A provides that the commissioner of public works shall make the determination that the owner's failure to comply will create an imminent threat to the health, safety and welfare of the public in consultation with the commissioner of public health. It further provides that if the commissioner of public works discontinues water service, that discontinuance shall be in a manner consistent with the rules and regulations of the Milwaukee water works and the public service commission of Wisconsin governing discontinuation of water service.
