### Primary Skills

Business Development concentrating on General Contracting and Construction Management services with a strong emphasis on providing additional client services in the area of finance and project development, while maintaining strong community relationships.

### Professional Experience

#### **2006 – 2007 Jansen Construction Group, Inc. - Business Development Intern Milwaukee, WI**

I joined The Jansen Group in 2006, and served as Business Development. With diversity and community development concerns as my personal interest, I serve on numerous boards throughout the community. I have expertise in accounting and finance and have proven track record for proforma creation and financial analysis of commercial real estate projects. I have been responsible for identifying new projects and assisting owners in project development. My projects include the following:

*Senior Citizen Assisted Living Complex - Community development including single homes, theatre, retail facility, and recreational complex. \$25.0M*

*Church Assembly – 40,000 square-foot religious assembly, new building, parking lot, administrative offices. \$7.5M*

*Mixed Use Commercial Center – Construction of a 12,000 square-foot 2-story building with retail commercial space and affordable living apartments. \$2.1M*

Church Community Center – Construction of a 12,000 square-foot community center with new medical facility, gymnasium, classrooms, library, emergency shelter, and administrative offices. \$4.0M

Multi-Family Condominium Center – 25,000 square-foot golf course condominium development, new building. \$20.0M

Private School – Construction of new high school with classrooms, gymnasium, state-of-art media production center, auditorium, and administrative offices. \$12.0M

Outdoor Athletic Stadium – Three phase outdoor track and field facility with stadium seating and concessions. \$7.5M

Church Construction Seminar – Half-day seminar for faith based organizations to learn the process of building a new facility

*Italicized projects represent projects that have been contracted by Jansen Construction*

#### **2003 – 2006: SC Johnson & Associates – Financial Consultant Milwaukee, WI**

Provided various business related services to small businesses including accounting, business plan writing, financial statement preparation, strategic market planning, and grant application preparation.

#### **2000 – 2003: Lemoyne Owen College – Controller Memphis, TN**

Responsible for all accounting and financial reporting functions. Oversaw payroll of over 100 employees. Managed staff of five. Received Unqualified Audit Opinion for the financial statements, first in three years.

#### **1992 – 2000: KPMG, M&I Trust Company & Legion Insurance Milwaukee, WI**

Various accounting positions
