Subject: Holton St. Project

Hello Ms. Najera,

I am writing to you because of your position as the Chair of the Milwaukee Planning Commission. My name is Dr. Theresa Anne Kenney. I am a professor at Concordia University and I live on North and Booth, very close to the proposed Strip Mall Project for the 3900 block of Holton. I have looked at the plans and am against this proposal. Unfortunately I am unable to attend the meeting on Monday or I would be there to voice my opposition. I am teaching during this time.

The plans are not in alignment with the new Urbanist Design planning theories. I feel that this is an insult to our beautiful neighborhood. We need to stop the parking lot driven unfriendly strip malls from creating a vacuum for ourselves and our children in our area. We need to rebuild with community centered building designs. Please look at the enclosed pdf. And then look at the designs for this proposal. Please help us protect Riverwest and its adjacent Harambe and Brewers Hill area.

Thank You,

Dr. Theresa Anne Kenney
