Ghassan Korban, P.E.  
Commissioner of Public Works

February 16, 2017

To the Public Works Committee

Subject: Common Council Resolution File Number 151177

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 151177, being a resolution to grant a special privilege to Acme Galvanizing Incorporated to install and maintain an exhaust tower, lean-to building, bollards, and exhaust stack support in the public right-of-way for the premises at 2730 South 19<sup>th</sup> Street.

The applicant is requesting formal permission to install and maintain a brick exhaust tower and lean-to building in the public way. A site visit revealed the presence of two bollards and a metal frame supporting an exhaust stack located on the building roof. All of said items are located in the east, 12-foot wide sidewalk area of South 19<sup>th</sup> Street, which is unimproved. It should be noted that the aforementioned items have been in the public right-of-way for many years.

We are not aware that the presence of the exhaust tower, lean-to building, bollards and exhaust stack support will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow, formally, said items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Ghassan Korban, P.E.  
Commissioner of Public Works

Preston Cole  
Commissioner  
Department of Neighborhood Services
