Dear Mr. Owczarski,

I am a neighbor, 30 year resident and very satisfied homeowner in the Avenues West neighborhood under the superior leadership of Alderman Robert Bauman.

We are in receipt of your letter about the proposed historic status for the above referenced property. As the owner of 813 N. 23rd Street next door, I object to this designation.

When reading the criteria listed on the City website for a historical designation, it is clear to us that this house does not meet the criteria and is just another old house in the City of Milwaukee. This designation is totally uncalled for.

Respectfully submitted,

Bob Conklin - owner
John Fisco - former owner for 30 years
