**Subject:** Milwaukee Community Resources: Opioid and Heroin Overdose Prevention Efforts

Good Morning, All,

Over the past several months we have been gathering and compiling information about community level efforts working to reduce opioid and heroin overdoses in the Milwaukee community. The purpose of this inventory is to identify organizations working in this field, outline the specific activities, services, and foci of these organizations, and provide a guide to foster cross-sector collaboration. Currently, this inventory is limited to organizations that chose to participate in our survey, however, it is intended to be a living document that will be modified on a regular basis as new resources are identified.

Link to resource document below:

[Milwaukee Community Resources for the Prevention of Opioid-Related Overdose and Opioid Use Disorder](#)

Additionally, if you would like to include your organization in this inventory, please complete the survey at <https://www.surveymonkey.com/r/mkeopiodprevention>.

Please feel free to share this inventory widely with your networks.

As always, don't hesitate to contact me with questions or concerns.

Best,

**Nicole Fumo, MPH**
