Linda,

I reviewed the minutes and Chris Svoboda was physically present for all the meetings. Good to know we should look at by laws to make this change in the future.

Kind regards,

Therese D. Burkhart

Your "participated via phone" raised a red flag with me, so I asked DCD. Unless your bylaws permit this, members need to be present physically for meetings. You can change your bylaws to allow this, of course.

Linda, these are the only By Laws I have on file. I did not see any language addressing participation by phone.
