Subject: Certificate of Appropriateness - Roof Replacement at 2900 West Kilbourn
Attachments: SCAN0001.PDF

Hello Tim,

I stopped in the office today after you left and discussed my project a bit with Carlen.

I originally brought in 3 sample boards for feedback. She thought the shadow line was a bit too much on the one I was proposing. I asked for specifications that have been approved recently, and the attached application reflects that input (same line, in a different color). Here is a link to the proposed shingle:

<http://www.homedepot.com/p/GAF-Timberline-Natural-Shadow-Charcoal-Lifetime-Shingles-33-3-sq-ft-per-Bundle-0601180/100658149>

Attached is an updated signed application, bid, and specification sheet.

I am anxious to get this project going and would appreciate any assistance if I need to modify the request in any way.

Thank You,

~Theo
