Tim,

The COA for the Glorioso's renovation has the wrong address and I would like to get a revised version of the document so it matches our Facade Grant documents. The full address range is 1016-1028 E. Brady Street, which includes the second floor residential address.

Also, we have redesigned the Germanic building interior so that we no longer need spandrel glass at the front facade except at the transom under the awning. The COA can be revised to reflect that the Germanic facade main storefront glass will be clear vision glass except for the upper transom area.

Lastly, the metal awnings are being quoted in two different manners so the COA should read: standing seam metal awnings in copper or PAC Clad copper color at applicant's discretion.

Let me know if there are any questions. Please send the revised COA by email so it can be printed for our meeting with Natanael for Facade Grants on Thursday afternoon.

Thank you,

Tom Stachowiak
