Mr. Bohl,

I recently learned that there is potential for a residential project at 1550 N Prospect Avenue in Milwaukee and am reaching out to share my support. As the Athletics Director at UWM, I spend a great deal of time and energy with my staff to recruit talented people to our administration and coaching staffs. Quality housing near campus is an important part of what we sell and this project will continue to elevate Milwaukee as a wonderful place to work, play and live. I hope this project moves ahead and appreciate your time and consideration.

Best,

Amanda
