Chris,

Please add this to the file for my resolution relating to the zoning change to parks.

Thanks,

Tony Zielinski

My girlfriend and I own a home on Woodward Street, a short walk from the BV dog park. I have appreciated that space ever since it got cleaned up years ago. I fully support it being kept as green space.

I feel very strongly that if we continue to develop and saturate Bay View with condos and new housing, it will lose the quality and personality that it once had. I am behind you in your fight to keep Bay View green, as does my household.
