Hi Tony,

I'm pleased that you are continuing to fight to keep green space in Bay View. The growth and development over the years has been a great boon to the community but maintaining serene spots is just as vital to the aesthetics and mood of the community.

I would like to attend the meeting but scheduling conflicts may not be able to be resolved. Is there another way that I can add my voice to those trying to back you on this?

On a side note, you should cruise past our house some time on Conway – I have outdone myself with the gardening this summer! Looks great if I say so myself. ☺

Have a fantastic day and thanks for all you do.

Terri Griffin
